PREAMBLE

This Agreement is made and entered into this 1st day of June 2014, by and between the Associated General Contractors of Wisconsin, Inc., herein called the "Association" for and on behalf of those persons, firms or corporations who have submitted written authorization to the Association to negotiate and conclude a Labor Agreement, herein called the "Contractor" or "Employer", and the North Central States Regional Council of Carpenters, with geographic jurisdiction as set forth in Exhibit A, herein called "Union" or "Unions".

NEGOTIATING AGENT LIABILITIES: It is understood and agreed that the North Central States Regional Council of Carpenters and Associated General Contractors of Wisconsin, Inc., are parties to this Agreement only as negotiating agents and shall not be held liable in any way for any violation of its terms by any Contractor, Regional Council, or its affiliated Local Unions.

ARTICLE I DURATION OF AGREEMENT

Section 1.1 This Agreement shall become effective June 1, 2014, and shall continue in force until midnight May 31, 2017, and shall automatically continue in effect from year to year thereafter unless either party gives ninety (90) days written notice to the other prior to the expiration date, of their desire to open or terminate the Agreement for modifications, whereupon it shall continue past the initial period of the contract from day to day until either party gives five (5) days written notice to the other of its termination.

Section 1.2 The Union has claimed and the Employer is satisfied and acknowledges that the Union represents a majority of the Employer's employees in the bargaining unit covered by this Labor Agreement. The Employer hereby recognizes the Union as the exclusive bargaining agent under Section 9(a) of the National Labor Relations Act for all employees who perform work within such collective bargaining unit for all present and future job sites within the geographical jurisdiction covered by this Agreement.

ARTICLE II UNION SECURITY

Section 2.1 Membership. The Employer agrees to require, during the life of this Agreement, membership in the Union, as a condition of continued employment of all employees covered by this Agreement, within eight (8) days following the effective date of this Agreement, or within eight (8) days following the commencement of such employment, whichever is later; provided, however, that such membership in the Union is available to such employees on the same terms and conditions generally applicable to other members and that such membership is not denied or terminated for reason other than a failure by the affected employee to tender the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership.

Section 2.2 The Contractor agrees to recognize voluntary and properly signed authorization cards of its employees requesting the Contractor to make deductions from wages for the amount of any delinquent dues, initiation fees, or working dues deduction; such amounts to be sent to the North Central States Regional Council of Carpenters.

Section 2.3 Working Dues Deduction. Upon the Union’s receipt of an employee’s written authorization, which shall be irrevocable for not more than one (1) year or the term of this Agreement, whichever occurs sooner, the Employer shall deduct from the employee’s wages, working dues deduction in the amount per hour certified to the Employer by the Union as representative of that required of all members to maintain membership in the Union, and remit the same in an amount as specified under Article VII, Section 7.1 “Wage Rates” to the North Central States Regional Council of Carpenters Central Depository as specified under Article IX (Central Depositories) on a remittance form showing the names and amounts from whom the deductions were made in the amount required for the particular area where the work is performed. Such form shall also show the various Fund contributions made by the Employer pursuant to this Agreement. Upon the Employer request, the Union shall furnish the Employer with a copy of the employees’ written authorization. Failure of the Union to submit such authorization shall relieve the Employer of the obligation to deduct the Working Dues Deduction. Such written authorization by an employee may be revoked by the employee during a ten (10) day period prior to the anniversary or termination date of this Agreement, whichever occurs first. In the absence of such revocation, sent and received in accordance with the foregoing, the authorization shall be renewed for additional yearly periods during the term of this Agreement. The employee’s written authorization shall require that the employee acknowledge that employment in the construction industry may cause the employee to be employed by several different Employers signatory to this Collective Bargaining Agreement and that the authorization will extend to all Employers for whom the employee may perform work under the terms and provisions of the Collective Bargaining Agreement in force and effect as of the time of employment. It shall be the Union’s obligation to provide each Employer with a copy of each employee’s current written authorization upon the establishment or re-establishment of an employment relationship.

Section 2.4 The working dues and assessments required of each employee shall be established annually by the North Central States Regional Council of Carpenters in accordance with its By-laws.

ARTICLE III OTHER AGREEMENTS

Section 3.1 Residential Working Agreement. The Employers recognize the Union as the sole and exclusive bargaining agent for all carpenters and apprentices for all carpenter work as defined by the Union’s Residential Working Agreement and are automatically bound by the provisions therein when performing residential work within the “Normal Construction Labor Market” of this Agreement (See Exhibit A). The Union shall furnish a copy of the Residential Working Agreement to all Employers.

Section 3.2 Pre-Engineered Metal Building Agreement. The Union shall make available a Pre-Engineered Metal Building Agreement to any Contractor signing this Agreement and desiring to enter into a Pre-Engineered Metal Building Agreement.

Section 3.3 Other Agreements. The Union shall notify and provide copies of all contracts and/or addenda to the Association to which the Union is signatory.

Section 3.4 The Union recognizes the Associated General Contractors of Wisconsin, Inc. as the bargaining unit for all Employers who have so authorized the Association for all work covered

hereunder. The Association agrees to furnish to the Union lists of such Employers prior to May 31, 2014, and upon request thereafter. Upon such authorization any Employer shall become a member of the multi-employer bargaining unit here involved and thereby a party to this Master Agreement. Individual Employers who have not so authorized the Association shall, by becoming party to this Master Agreement, also become part of said multi-employer bargaining unit, and said individual Employer authorizes the Associated General Contractors of Wisconsin, Inc., to negotiate successor Master Agreements on its behalf and said individual Employer specifically adopts all provisions of any successor Master Agreement entered into between the Associated General Contractors of Wisconsin, Inc. and the Union. Withdrawal from the multi-employer bargaining unit may be accomplished only by written notice to the Union and to the Association, at least ninety (90) days, but no more than one hundred twenty (120) days prior to date of expiration of this Agreement or of any renewal period hereof. Notice to the Association, wherever is required herein, shall constitute notice to each and all members of the multi-employer bargaining unit.

Section 3.5 Most Favored Nations. Should the Union enter into a written Agreement(s) with any other employer or association which provides more favorable wages and/or terms and conditions of employment, then the parties agree to meet in good faith regarding such more favorable wages and/or terms and conditions of employment.

ARTICLE IV UNION REFERRAL

Section 4.1 Union Referral

- (a) The Employer shall notify the Union of opportunities for employment;
- (b) The Employer shall give the Union the opportunity to refer qualified applicants for employment; and
- (c) The Union agrees to furnish journeypersons, apprentices, and pre-apprentices on a non-discriminatory basis as required by the Employer within twenty-four (24) hours, excluding Saturdays, Sundays, and Holidays, after notice by the Employer.
- (d) If the Union fails to furnish journeypersons and apprentices as required, the Employer may draw from whatever sources are available to meet the requirements at the time.
- (e) Contractors have freedom of movement of employees covered by this Agreement throughout the geographical area of this Agreement.
- (f) A Contractor from outside of the jurisdictional area of this Agreement will be allowed to bring in one (1) foreman and one (1) key bargaining unit employee, provided, however, the Contractor has signed this Agreement with the North Central States Regional Council of Carpenters, and further provided, that the Contractor hires at a fifty to fifty (50 – 50) ratio bargaining unit employees who are residents of the North Central States Regional Council of Carpenters geographical area.

- (g) The Union agrees to furnish applicants who, if they are extended an offer of employment, will provide acceptable documentation to allow Employer to complete an Employment Eligibility Verification (I-9) before they may begin work.

Section 4.2 Equal Employment. The Association, Contractors, Employers, and the Union agree that no party shall discriminate against any individual on the basis of age, race, creed, color, religion, handicap, marital status, sex, sexual orientation, national origin, ancestry, arrest record, conviction record, military status, or any other discriminatory basis prohibited by state or federal law, except as limited by Wisconsin Statutes Section 111.33 to 111.36 (1993-1994).

Section 4.3 Drug/Alcohol Testing. The parties recognize the problems created by drug and alcohol abuse and the need to develop prevention and treatment programs. All companies signatory to this Agreement and the signatory Unions have a commitment to protect people and property, and to provide a safe working environment. The purpose of the program is to establish and maintain a drug free, alcohol free, safe, healthy work environment for all employees. Construction Trades Substance Abuse Testing & Assistance Program, the full terms and conditions of which are hereby incorporated into this Section by this reference, details the program to which all companies and the Union's signatory to this Agreement endorse and agree to abide by.

ARTICLE V GRIEVANCES AND ARBITRATION

Section 5.1 All grievances, disputes, or complaints arising under this Agreement must be filed within ten (10) working days of the incident giving rise to the grievance and shall first be submitted to an authorized representative of the North Central States Regional Council of Carpenters who in turn shall immediately present the same to the representative of the Employer. The parties shall attempt to dispose of the grievance, dispute, or complaint within forty-eight (48) hours.

Section 5.2 In the event the matter is not settled, it shall be referred to a Grievance Settlement Committee consisting of three (3) Employer representatives, selected by the Association, and three (3) Union representatives selected by the North Central States Regional Council of Carpenters. The Grievance Settlement Committee shall discuss the issue and render a decision within thirty (30) days, (fifteen (15) days if grievance concerns a termination) of receipt by the AGC of Wisconsin and the Union of the referral. The determination of the Grievance Settlement Committee shall be governed by majority vote, with each member having one (1) vote. In the event that either side does not have a full complement of members, the members for a particular side in attendance shall each have a pro-rata portion of the vote of the absent member.

Section 5.3 In the event the Grievance Settlement Committee is unable to resolve the matter, the Union or the Employer may request that the Wisconsin Employment Relations Commission or Federal Mediation and Conciliation Service submit a list of seven (7) arbitrators with experience in construction-related disputes. The parties shall select the arbitrator by alternate rejection until one (1) individual remains.

Section 5.4 Written notice by registered return receipt letter of a demand for arbitration shall be given to the Contractor and the Association, or as applicable to the North Central States Regional Council of Carpenters.

Section 5.5 It is understood that there shall be no stoppage of work during the period of arbitration and that the decision of the arbitrators shall be final and binding upon both parties, each party to bear one-half (1/2) of the expenses of such arbitrators.

Section 5.6 In the event the arbitrator finds a violation of the Agreement, he shall have the authority to award back pay not to exceed twenty (20) days to aggrieved person or persons in addition to whatever other or further remedy may be appropriate.

Section 5.7 The Trustees of the North Central States Regional Council of Carpenters Health Fund, the Trustees of the North Central States Regional Council of Carpenters Defined Benefit Pension Fund, the Trustees of the North Central States Regional Council of Carpenters Defined Contribution Pension Fund, as well as the Trustees of the Vacation Fund, and of the North Central States Regional Council of Carpenters Training Fund, may for the purpose of collecting any payments required to be made to such Trust Funds under this Agreement, including damages and costs, and for the purpose of enforcing rules of the Trustees concerning the inspection and audit of payroll records, seek any appropriate relief and they shall not be required to invoke or resort to the grievance or arbitration procedure otherwise provided for in this Agreement.

ARTICLE VI UNEMPLOYMENT AND WORKER'S COMPENSATION

Section 6.1 Employers must carry Worker's Compensation and Unemployment Compensation coverage for all employees working under the Agreement. The Employer shall be liable for any damages resulting from its failure to secure Worker's Compensation and Unemployment Compensation coverage. The Employer will not challenge an employee's Unemployment Compensation claim for refusing to work at an hourly rate of pay lower than the hourly rate of pay he/she was receiving.

The Employer will not challenge any employee's Unemployment Compensation claim for refusing to work at any hourly rate of pay lower than the hourly rate of pay he was receiving.

(e) **Sub-Foreman Premium.** Sub-foreman may be employed to assist the foreman when the Employer deems it necessary or advisable. Each sub-foreman shall receive not less than one dollar and twenty-five cents (\$ 1.25) per hour over the applicable journeyman wage rate provided in this Agreement.

- (k) **Prevailing Wage Rate Reporting.** Associated General Contractors of Wisconsin, Inc. agrees to yearly remind signatory contractors of completing and submitting prevailing wage rate reports to the Union and the State of Wisconsin and provide standard forms to facilitate such reporting. Yearly reminder mailings will be accomplished using labels provided by the Fund Office.

Performance Pay is defined as additional base wage compensation at the discretion of the Employer, and not defined by the collective bargaining agreement for prevailing wage survey purposes.

Section 7.3 Journeyman Upgrade Training

The Union recognizes the importance of journeyman training/upgrading and agrees to fully cooperate with Employers in a concerted effort to provide a highly skilled workforce in which to compete in the market place.
