Description Site work and new construction of an educational facility in Madison, Wisconsin. Completed plans call for the construction of a educational facility. The MEP Subcontractor scope of work is identical to the General Prime Contractor scope of work included in these bidding and contract documents. By submitting and signing a bid, all bidders have examined all of the Bidding Documents listed in the Table of Contents of the project specifications. The successful bidders will be required to do all work which is shown on the drawings, mentioned in the specifications, or reasonably implied as necessary to complete the division of work bid for this project.

A Pre-bid tour will not be held for this project. Contact Evan Quilling, (608) 262-038612 to schedule a site visit.

In general the work consists of reconfiguring two gravel parking lots into a single lot, provides various site37 improvements for storm water drainage and operating efficiencies, and provides a new metal equipment 38 shed.

MBE: 9%

DBE:9%

Notes NOTICE: Effective January 1, 2014, all potential bidders must be certified by DOA prior to submitting bids on state construction projects over \$50,000. All bids received from contractors who are not certified will be rejected. Contractor certification applications and instructions for completing the form may be obtained from the DOA Website DFD Contractor Certification page: <http://www.doa.state.wi.us/category.asp?linkcatid=857&linkid=125&locid=4> or upon request from DFD--email dfdcertification@wisconsin.gov.

Description Site work, paving and renovation of a fitness / recreation center in West Allis, Wisconsin. Completed plans call for the renovation of a fitness / recreation center; and for paving for a fitness / recreation center. Contract 1: Water Slide Replacement Project consists of replacement of existing tube and body slide including removal of existing structures, footings and foundations, site clearing and grubbing. Existing material disposal shall be offsite, and or to Owner with prior approval. Provide proposed footings and foundations, tube and body slide, structural platform and stairs, emergency stop switches and electrical conduit, reconnection of water supply lines to proposed slides, pump maintenance, two flow meters, concrete sidewalk pavement around slide, restoration of site, and miscellaneous tasks required to complete work as indicated in construction bid documents.
EFFECTIVE 4/1/2013 BIDDERS WHO SUBMIT A BID MUST BE A PLAN HOLDER OF RECORD AT MILWAUKEE COUNTY. BIDS FROM BIDDERS WHO ARE NOT ON THE PLAN HOLDERS LIST WILL BE RETURNED AS BEING NON-RESPONSIVE.
Send request to: Milwaukee County DAS-FM Architecture, Engineering and Environmental Services 633 West Wisconsin Avenue, Suite 1000 Milwaukee, WI 53203 For further information contact 414-278-4861.
This project has a Disadvantaged Business Enterprise (DBE) goal of 7.5 percent. TO BE CONSIDERED FOR THIS PROJECT ALL REQUIRED DBE FORMS SHALL BE COMPLETED AND SUBMITTED WITH BID AS INDICATED IN INVITATION TO BID. Bidder's attention is called to the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity" (Executive Order 11246), contained in the Bid Documents, which set forth, in part, goals and timetables for the employment of women and minorities in the project area. Bidders shall be qualified in accordance with Chapter 43 of Milwaukee County Ordinance. Bidders shall submit the completed Subcontractor-Supplier Information Sheet with the Bid. Failure to submit this information with Bid may result in rejection of the Bid as non-responsive.

Descriptive Information

Start Date 2016/12/29 End Date
 Physical Size Project Value \$4,500,000.00

Description Demolition, site work and new construction of a mixed-use development in Green Bay, Wisconsin. Completed plans call for the demolition of a swimming pool; for the construction of a swimming pool; and for site work for a swimming pool. The work under this contract shall consist of demolition and removal of the existing pool and building, construction of a 50-meter pool, new pool building with locker rooms, community room, concessions area, and mechanical area, fill, re-inforced concrete slab and retaining wall, asphaltic pavement, concrete pavement, electrical and light pole bases, fencing, pool electrical, mechanical, and plumbing, site grading and restoration and all incidental items necessary to complete the work.

City of Green Bay Standard Specifications and Construction Standards for Public Works Construction, current Edition and the special provisions of this contract, all of which are on file in the City Clerk's/Treasurer's Office and the Director of Public Works Office in the Green Bay City Hall.

Anyone desiring the Contract Documents including plans and specifications by mail shall submit a separate check made payable to the City of Green Bay in the amount of \$10.00 to cover handling and postage. This check will not be refunded. The work shall be let in accordance with the following Sections of the Wisconsin Statutes. 1. Section 62.15 regarding public works construction. 2. Section 779.15 regarding lien on contractors. 3. Section 66.0903 regarding municipal wage scale. 4. Section 66.0901(2) regarding proof of responsibility. All bidders shall provide proof of responsibility on the form furnished by the Director of Public Works and it shall be filed with the Director of Public Works not less than five (5) days prior to the time set for opening of bids.

Said proof of responsibility shall not be valid if filed prior to one year of the date of opening bids. N-2 COLBURN PARK POOL REPLACE- MENT All work performed on this project shall conform with Section 4.12 of the City of Green Bay Code of Ordinances establishing wage scales on Public Works projects. If this contract has a copy of a "Prevailing Wage Rate Determination" contained in the Special Provisions, the Contractor shall incorporate a copy of the determination into all subcontracts. If additional copies are needed, copies can be obtained from the Office of the Director of Public Works, Room 300, City Hall, 100 North Jefferson Street, Green Bay, Wisconsin 54301. Municipal wage rate enforcement shall be as provided in Section 66.0903 Wisconsin Statutes. In accordance with Section 9.16 of the City of Green Bay Code of Ordinances, any corporation, firm, or individual violating Chapter 133.01 of the Wisconsin Statutes, or any subsequent amendment thereof, shall upon conviction thereof be thereby disqualified as a bidder on any City of Green Bay project for a period of three (3) years from the date of such conviction; however, nothing herein shall be interpreted to preclude such corporation, firm, or individual from completing any and all contracts he/she may already have with the City at the time of such conviction, nor shall this ordinance be applied retroactively to convictions occurring prior to the adoption and publication of this ordinance. This prohibition applies with like force to officers of convicted corporations, firms, or individuals who thereafter have business interest in new corporations or business enterprises of whatever kind or description.

The City of Green Bay, Wisconsin reserves the right to reject any or all bids and to waive any informalities in bidding. No bids shall be withdrawn after the opening of bids without the consent of the City of Green Bay, Wisconsin for a period of ninety (90) days after the scheduled time for closing bids. All proposals must be submitted on the Bidder's Proposal provided for that purpose and issued to the specific bidder by the Director of Public Works together with a certified check or a bid bond equal to at least five (5) but not more than ten (10) percent of the bid payable to the City of Green Bay as a guarantee that if his/her bid is accepted, he/she will execute and file the contract and a performance bond in the amount of one hundred percent (100%) of the total bid within ten (10) days after the award of the contract. Only the Proposal Pages, Bid Bond or Certified Check, and any Addenda issued shall be submitted. Only proposals submitted by firms appearing on the City of Green Bay list of plan holders will be opened. In case the successful bidder shall fail to execute such contract and performance bond, the amount of the check or bid bond shall be forfeited to the City as liquidated damages. Published by the authority of the Improvement & Service Committee of the Common Council of the City of Green Bay, Wisconsin.

Description Site work, paving and new construction of a multi-residential development in Fond du Lac, Wisconsin. Completed plans call for the construction of a 396-unit multi-residential development. This development will be on 34-acres of land. The apartments will be built in phases, with a future phase including the construction of retail development on three acres near the entrance to the complex.

Buildings number one and two are under construction. There are a total of eleven buildings. The design builder will be bidding the additional buildings after buildings one and two are completed.

The design/builder is requesting subcontractor bids for all trades. Please email Shirley, shirley_kolakovich@edwardrose.com, with any inquiries or bids.

Descriptive Information

Start Date 2017/02/27 End Date 2018/08/13
 Physical Size 79000 Project Value \$30,000,000.00
 Description Renovation of a municipal facility in Madison, Wisconsin. Completed plans call for the renovation of a 79,000-square-foot, three-story above grade municipal facility. The project consists of a complete overhaul of a three-story, 79,000-square-foot building. Renovations will include all mechanical systems, fire alarm and new sprinklers, masonry mortar joints, windows, and interior lighting. Staff work spaces, customer access, and meeting spaces would be expanded and modernized on the first floor. The second floor will feature a restored Room 260 with new audio-visual equipment and furnishings. The room would have an adjacent catering kitchen as well as meeting, storage and expansion space, and offices for human resources. The third floor would be offices for the Community Development Authority and other agencies and meeting space. The renovated building will have a total of 33 meeting rooms.

As of January 27, 2016, an architect has been selected and approved to begin final design. Information regarding general contractor bidding has not been established. Construction is expected to begin in the fourth quarter of 2016 with completion in the third quarter of 2018.

Project Value \$628,734.00

Description Demolition, site work, paving and new construction of a bridge / tunnel in Franklin, Wisconsin. Completed plans call for the demolition of a bridge / tunnel. The contract documents including plans and specifications are on file and available for inspection at the Office of the City Clerk of the City of Franklin. This replacement shall be per plans and work executed as specified in the State of Wisconsin, Department of Transportation Standard Specifications for Highway and Street Construction. All bidders must file a "Bidders Proof of Responsibility Form" with the City Clerk on or before 11:00 a.m. on Wednesday, November 2, 2016. Contractors and Subcontractors are required to pay not less than the prevailing wage rates on public work as established by Federal Department of Labor, or the State of Wisconsin's Department of Industry, Labor, and Human Relations wage scale rates, whichever rate scale is higher for the job classification. A certified check or bid bond, payable without condition to the City of Franklin in an amount not less than five percent (5%) of the bid, shall be submitted with each bid as a guarantee that if the bid is accepted, a proper contract and bond as surety will be executed and filed within ten (10) days after the acceptance of the bid. No bid shall be withdrawn after the opening of bids without the consent of the City of Franklin for a period of ninety (90) days after the time of opening of bids. Each bidder agrees upon submission of bid that if the same be accepted within said time period, he shall be bound by the terms of acceptance hereinafter contained. Bids shall include the furnishing and installation of all labor, materials, permits, equipment, tools, supplies, etc., for complete performance of the work as described. The work under this project shall consist of removal of existing three sided reinforced concrete culvert (Rigid Frame) and construction of a Reinforced Concrete Rigid Frame Bridge supported on piles with Reinforced Concrete Pile Encased Wing Walls. Including approach roadway reconstruction. Asphaltic Pavement by others. All bids must be prepared as described in instructions to bidders and must be sealed and addressed to the City of Franklin and filed in the Office of the City Clerk of the City of Franklin, Wisconsin. There shall appear on the envelope of each bid, the name and address of the bidder and the purpose for which the bid is intended.

Description	Renovation of a library in Sun Prairie, Wisconsin. Completed plans call for the renovation of a library. The Sun Prairie Public Library is soliciting proposals from qualified vendors for tile replacement in the lobby and Read Before Book Store.		
	The project involves the evaluation of the existing tiles. The library building was constructed in 1999 and slate tiles were installed in the lobby and the book store. The library receives over 230,000 visits per year and over time some of the tiles have chipped or deteriorated. The book store's area measures 380 square feet. The square footage of the lobby is approximately 725 sq.ft.		
	The tiles are very aesthetically pleasing and fit in beautifully with the library's architecture. With this in mind, the library would like the vendor to consider various options including: 1) restoration of existing tiles and replacement and of damaged tiles, 2) replacement of all tiles over existing tiles, and 3) replacement of all tiles by removing all existing tiles. The project would also involve guidance on material selection. The vendor will be expected to move and replace all shelving and furniture to complete the tile restoration and replacement. The vendor is expected to dispose of all removed tiles and thoroughly clean up after each day of work to ensure safety and cleanliness for library staff and patrons. The vendor shall be responsible for providing staff, supplies, equipment and supervision necessary to complete installation required by the contract.

[Physical Size](#) [Project Value](#) \$55,000.00

Description Renovation of an educational facility in Menomonie, Wisconsin. Completed plans call for the renovation of a educational facility. All potential bidders must become certified by DOA prior to submitting bids on state construction projects with budgets over \$50,000. All bids received from contractors who are not certified will be rejected.

In general the work consists of: removal of existing ballasted EPDM roofing membrane (ballast to be salvaged and reused) installation of new 60 mil EPDM roofing over existing tapered insulation. Several of the existing mechanical curbs are obsolete, and will be fully removed, or capped. Walkways and work pads adjacent to equipment will be provided.

It is expected that work will begin on site on May 22, 2017, and conclude on or before July 21, 2017.

Description Site work and new construction of a fire / police facility in Keshena, Wisconsin. Completed plans call for the construction of a 1,880-square-foot, one-story above grade fire / police facility. The Menominee Indian Tribe of Wisconsin (MITW) is requesting Proposals from qualified Bidders for design / build services for the NEOPIT SATELLITE POLICE STATION PROJECT.

This project consists of designing and building a minimum of 1,880 square foot new single story slab on grade building. Minimally, the building will include 2 private offices, 1 squad/office room for a minimum of 2 desks, 1 community room, lobby area, 2 bathrooms, and 1 mechanical room.

Any Proposal received after this deadline will be rejected and will not be opened or considered for award. Proposals, or any portion thereof, sent via facsimile, email, or magnetic media will be rejected.

A MANDATORY presentation of Proposals, which will be scheduled by the MITW's PMA Director, will be held in the Tribal Office Boardroom on: Monday, December 5, 2016

Descriptive Information

Start Date 2016/12/07 **End Date** 2017/01/02

Physical Size **Project Value** \$55,601.00

Description Renovation of a municipal facility in Janesville, Wisconsin. Completed plans call for the renovation of a municipal facility. Rock County reserves the right to accept or reject any or all bids; to waive any technicality or error in any bid or part therein, and to accept the same or combinations, in whole or in part, whichever is deemed to be in the best interest of Rock County.

Bids must remain in effect 90 days from due date.

Vendors are responsible for ensuring that the above office receives their bid before the deadline.

Bids shall be signed with named printed below signature. Where Bidder is a Corporation, Bid must be signed with the legal name of the Corporation followed by the legal signature of an officer authorized to bind the Corporation to contract.

All questions concerning this Invitation to Bid must be submitted in writing to Jodi Millis. Questions must be received by 12:00 noon (local time), September 7, 2016. Questions received after this date and time will not be answered.

Bidders shall bring inadequacies, omissions or conflicts to Rock County's attention in writing by the question cut-off date and time.

Contractor shall pay all premiums. Deliver said bonds to Rock County no later than the date of execution of the contract. Failure or neglecting to deliver said bonds as specified, shall be considered as having abandoned the Contract, and the Bid Security will be retained as liquidated damages.

All vendor-supplied materials, including the vendor's bid, become the property of Rock County. We will work with vendors to meet their confidentiality requirements, provided that they are within reason. All vendor confidential material must have each page clearly marked as confidential.

Bids may not be modified after submittal. Bidders may withdraw Bids at any time before the Bid opening, but may not resubmit them. No Bid may be withdrawn or modified after the Bid opening except where the award of Contracts has been delayed for more than 90 days from the day of the Bid opening.

All work described, unless specifically stated otherwise, shall include furnishing all material, labor, equipment and tools necessary to install / complete work as described in these Special Provisions. All work described shall be installed / completed in strict accordance with the contract plans and specifications.

Any discrepancies, conflicts, etc. between the plans/specifications and the actual constructability of the project shall be brought to the attention of the Rock County. Department of Public Works for determination on how to proceed. The plans and specifications provide for equipment from specific manufacturers. Other manufacturer's equipment may be considered but must be an engineer approved equivalent.

The work shall be completed in a workmanlike manner. The installers shall be skilled in this type of construction.

All roof work is to be completed by McDermaid Roofing and Insulation Company, 1229 Kishwaukee Street, Rockford, IL, 61104.

The roof was replaced by McDermaid Roofing and Insulation Company in 2008 and is still under warranty.

Contractor shall be responsible for off-site disposal of all materials removed and/or replaced under this contract.

Descriptive Information

Start Date 2016/11/25 End Date 2017/05/25
 Physical Size Project Value \$250,000.00

Description Site work for a sidewalk / parking lot in Milwaukee, Wisconsin. Completed plans call for site work for a sidewalk / parking lot. Work of the Project consists of new and replacement decking on existing support structure as indicated on project Drawings and Bid Documents.

Project Completion: Work of Contract shall be Substantially Complete by May 25, 2017.

Pursuant to Chapter 30, Milwaukee County Ordinances wage rates on the project have been established by Milwaukee County. Completed LCPTracker Labor Compliance software documentation is required. Effective 7/1/2010, Contractors shall employ a minimum of 50% of the Contract labor force with employees that reside in Milwaukee County (see Bid Documents for RESIDENCY PROGRAM REQUIREMENTS)

Bid documents may be sent upon authorization of an additional non-refundable \$25 charge to a Visa® or MasterCard® account (checks and cash not accepted) for shipping and handling. Send request to: Milwaukee County DAS-FM Architecture, Engineering and Environmental Services 633 West Wisconsin Avenue, Suite 1000 Milwaukee, WI 53203 For further information contact 414-278-4861.

Bidder's attention is called to the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity" (Executive Order 11246), contained in the Bid Documents, which set forth, in part, goals and timetables for the employment of women and minorities in the project area

Bidders shall be qualified in accordance with Chapter 43 of Milwaukee County Ordinance.

Bidders shall submit the completed Subcontractor-Supplier Information Sheet with the Bid. Failure to submit this information with Bid may result in rejection of the Bid as non-responsive

The low responsive, responsible bidder will be recommended for contract award. Owner reserves right to reject bid, to waive informalities in bid or to accept bid which will be in best interest of Own

Bids shall remain open to acceptance for a period of 60 days after bid due date.

Start Date	2016/12/02	End Date	2017/06/13
Physical Size	3000	Project Value	\$600,000.00

Description Renovation of an educational facility in Platteville, Wisconsin. Completed plans call for the renovation of a educational facility. This project is being let using a new single prime bidding and contracting process. DFD will publicly bid the applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work first. Within 5 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each applicable MEP division of work. These successful MEP bids must be included in all general prime contractor bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will publicly open general prime contractor bids. General prime contractor bids that do not include the successful MEP bids will be rejected. The state will enter into a single contract with the lowest, qualified, responsible, certified general prime contractor and this general prime contractor will enter into subcontracts with the successful MEP bidders., the work consists of renovating a lecture hall to provide upgraded finishes, modern technology and new HVAC supply-return and relief air venting. The Project is approximately 3,000 square feet with the Lecture Hall on the First Floor and the existing AHU on the Second Floor. Audio/Visual equipment is by owner.. The contact person is Diana Dorschner, Dorschner|Associates, Inc., 608-204-0777 For physical access to any mechanical or electrical spaces in the building, contractors may call Dough Stephens, Campus Planner, UW-Platteville at 608-342-1147

In general, the work consists of renovating a lecture hall to provide upgraded finishes, modern technology and new HVAC supply-return and relief air venting. The Project is approximately 3,000 square feet with the Lecture Hall on the First Floor and the existing AHU on the Second Floor. Audio/Visual equipment is by owner.

Physical Size Project Value \$1,100,000.00

Description Renovation of an educational facility in Menomonie, Wisconsin. Completed plans call for the renovation of a educational facility. This project is being let using a new single prime bidding and contracting process. DFD will publicly bid the applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work first. Within 5 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each applicable MEP division of work. These successful MEP bids must be included in all general prime contractor bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will publicly open general prime contractor bids. General prime contractor bids that do not include the successful MEP bids will be rejected. The state will enter into a single contract with the lowest, qualified, responsible, certified general prime contractor and this general prime contractor will enter into subcontracts with the successful MEP bidders.

In general the work consists of replacement of existing generators at the UW-Stout campus in General Services Building, University Services Building, and Bowman Hall. It includes a new generator and emergency power system in the Administration Building. It includes a new generator at Millennium Hall that is strictly dedicated to service data center and data center HVAC system loads for the main campus data center located there. Work also includes screen walls and other means of protection for all these generators and site civil work necessary to support the new emergency power systems. Also, a new electrical service will be provided for Bowman Hall. This new feed will come from Fryklund Hall and will require the installation of a new electrical ductbank between Fryklund and Bowman Hall via an existing electrical manhole.

Descriptive Information

Start Date	2016/12/17	End Date	2017/03/23
Physical Size	640	Project Value	\$141,300.00
Description	Site work and addition to a playground / park / athletic field in Beaver Dam, Wisconsin. Completed plans call for the addition of a 640-square-foot playground / park / athletic field. In general the work consists of: This project will construct an addition to the existing Crystal Lake Ranger Station to provide sufficient office space for State Forest Ranger needs. The project will add two offices totaling 640 square feet to the existing station. The new rooms will be built so customer service representatives can view visitors as they drive in to the station. It is anticipated the existing heating and cooling equipment will be adequate for the addition. Interior telephone and internet cabling will need to be extended to the addition as part of construction.		
	Bidder shall identify the division of work they are bidding on when requesting Bidding Documents online.		
	Base Bid will be received for: A single lump sum bid for All Work.		
	No deposit is required to obtain documents for bidding purposes.		
	Bid Guarantee in the amount of the Bid must accompany each bid submitted.		
	Contract offer and construction phase records will be processed electronically on the WisBuild™ DFD Information System.		
	Prevailing wage rates are applicable to this project. Those rates are included in the Supplementary General Conditions of the Contract the General Prime Contractor will be required to enter into with DFD.		
	Bidding Documents will be available online immediately upon the project being advertised for bid.		
	NOTICE: Effective January 1, 2014, all potential bidders must be certified by DOA prior to submitting 19 bids on state construction projects over \$50,000.

[Description](#) Site work and new construction of a mixed-use development in Genoa City, Wisconsin. Completed plans call for site work for a sidewalk / parking lot; and for the construction of a pre-engineered storage facility. The project is located near the intersection of Hwy 12 and county Hwy U. A brief description of the Bid work for the above contract includes: Construction of a 50' W x 48' L Hi-arch Gambrel wood structure. Reinforced concrete sidewall foundations include 12'L x 2' x 2' bases at each support column spaced 8' apart along the perimeter of the building. Depth of foundation will be 4'-6". The structure must be built with future lean-to additions in mind. This includes installing 6x6 posts along the exterior sidewalls to support future lean-to's. Sheet metal roofing down to the eaves, painted DuraTemp siding as well as P.T. wood barrier wall panels (from ground level to 12' above ground level). Framing for an overhead door and personnel door. Other work includes 5" asphalt paving, erosion control, and restoration. Lighting and electrical work are not included.

Descriptive Information

Start Date 2016/12/16

End Date 2017/04/28

Physical Size

Project Value \$782,200.00

Description Site work for a water / sewer project in Milwaukee, Wisconsin. Completed plans call for site work for a water / sewer project. Liquidated Damages, per diem: \$640.00 The Small Business Enterprise (SBE) requirement for this project is 10% of the contract base bid (For a complete listing of City of Milwaukee certified SBE firms, see the Office of Small Business Development (OSBD) website at milwaukee.gov/osbd. If there are any questions regarding SBE certified firms, please contact the OSBD office at 414-286-5553.)

The residency requirement for this project is 40% of all hours worked on the project. The apprenticeship requirements for this project are: 1 - Construction Craft Laborer. The contractor shall specifically note the Equipment/Qualifications Questionnaire, SBE, Residency, and Apprenticeship Guidelines and necessary Forms for this project. If the forms are not filled out properly, it will be cause for rejection of the bid.

All Contractors awarded a contract valued at \$25,000.00 or more are required to participate in training on the City of Milwaukee's B2GNow contract compliance software. Contractors must complete the training no later than 30 days after the date of contract award. Throughout the contract term, Contractors are required to regularly provide timely payment information in the City's contract compliance software. Please contact the Office of Small Business Development (OSBD) at 414-286-5553 should you have any questions or concerns regarding the training or reporting process.

The Prime Contractor awarded this project is required to participate in training on the City of Milwaukee's LCP Tracker Labor Compliance Software after the date of contract award. Throughout the contract term, Contractors are required to regularly provide timely payroll information via LCP Tracker. Bidders are advised that "Federal Davis-Bacon Wage Rates and wage rate monitoring will be required."

The Invitation to Bid, all bid documents, and the Specifications for the listed project are all available electronically on the DPW website AS WELL AS on the Bid Express Website. At this time, Bids can be submitted using either Bid Express OR by submitting paper bids in the usual manner.

However, Bidders are strongly encouraged to utilize the electronic and/or Bid Express methods of obtaining bid documents and Bid Express for submitting bids, as in the near future the Department of Public Works intends to have bid documents available only electronically and through Bid Express, and to accept bid submittals only via Bid Express.

The City of Milwaukee will ONLY receive bids from prospective bidders who are in attendance at the Mandatory Pre-Bid Meeting. Site Visit: A site visit will be available at the conclusion of the Mandatory Pre-Bid Meeting.

Physical Size 3062	Project Value \$750,000.00
Description Demolition and renovation of a retail development in Greenfield, Wisconsin. Completed plans call for the renovation of a 3,062-square-foot, one-story above grade retail development. This project is rebidding. The owner has determined a list of select general contractors to bid on this project.*	
*A pre-bid meeting will be scheduled at a later date.	
*The Editorial Content Team is in the process of confirming all invited GC bidders.	
*Due to the direct relationship with Walmart, the only project contacts are the general contractors invited to bid. At this time Walmart works with a select group of pre-approved general contractors. Walmart is not accepting new general contractor qualifications at this time.

 Physical Size Project Value \$375,000.00
 Description Renovation of an educational facility in La Crosse, Wisconsin. Completed plans call for the renovation of a educational facility. In general the work consists of installing (18) eighteen steam meters in existing steam piping systems within (18) separate buildings on campus. All meters will be tied into campus Building Automation System.

Bid Guarantee in the amount of the Bid must accompany each bid submitted.

Prevailing wage rates are applicable to this project. Those rates are included in the Supplementary General Conditions of the Contract the General Prime Contractor will be required to enter into with DFD, which can be found at Appendix 1 of the Bidding Documents for this Project.

Please contact DFD Project Manager Jerome Jansen 563-599-3558 or A/E Prime Josh Nickols at 414-778-7421 with any questions.

Descriptive Information

Start Date 2016/12/07 End Date 2017/02/28
 Physical Size Project Value \$50,000.00
 Description Site work and renovation of a water / sewer project in Milwaukee, Wisconsin. Completed plans call for the renovation of a water / sewer project. Bid packages for furnishing all plant labor, equipment, materials and performing all work necessary for this project at the South Shore Water Reclamation Facility.

The project contemplated herein consists of the Contractor providing parts and labor to rebuild pump, gearbox and motor.

Small Business/A/eteran-owned Business - 5%
 W om en-owned Business - 2%
 Minority-owned Business - 13%

All contractor and subcontractor employees shall obtain specific site plant safety training from Veolia Water prior to working on the site. Veolia Water will offer a total of two one-hour training sessions to the contractor and any subcontractors. The Contractor shall adhere to all Veolia Water safety policy and procedures. One (1) complete set of Bidding Documents, including the Instructions to Bidders, Bid Form, and Contract Documents will be provided.

Questions pertaining to the proposed work should be directed to Richard Schairer, 414-486-3990.

Subcontractors, manufacturers and material suppliers should obtain information and review the Bidding Documents by contacting potential Bidders.

The time for completion of the Contract shall be ninety (90) days from the date of Notice to Proceed. Veolia Water reserves its rights to reject any Bid, to reject all Bids, and any bid not conforming to the intent of the invitation for bids and to postpone the award of the Contract for a period of time not exceeding forty-five days from the bid opening date. Bids shall remain firm and may not be withdrawn during this forty-five (45) day period.

Veolia Water reserves its rights to waive any informality or deficiency in any Bid, to accept any Bid, to negotiate modifications of any Bid with any Bidder and accept any modified Bid, and to rebid the Project, all at Veolia Water's sole discretion.

[Physical Size](#) [Project Value](#) \$25,000.00

Description Site work and renovation of an elderly care / assisted living facility in Milwaukee, Wisconsin. Completed plans call for the renovation of a elderly care / assisted living facility. PROJECT DESCRIPTION:
The contractor shall provide all labor, materials, equipment, supplies and supervision necessary to complete residential home modification consistent with meeting the independent living needs of a disabled Veteran. Work to be performed includes construct and install new residential entry door, platform, ramp and concrete pad. All work will comply with the Americans with Disability Act (ADA) specifications.

The Estimated Cost Range for this project is less than \$25,000.

This acquisition will be awarded under the Veterans First Contracting Program as a total 100% set-aside to eligible Service-Disabled Veteran-Owned Small Business (SDVOSB) firms. The applicable North American Industry Classification (NAICS) code for this procurement is 236118 Residential Remodeler. The Small Business size standard is \$36.5 Million. See <http://www.sba.gov/category/navigation-structure/contracting/contracting-officials/size-standards>

NOTICE THIS IS A SERVICE-DISABLED, VETERAN-OWNED, SMALL BUSINESS SET-ASIDE. PROSPECTIVE CONTRACTORS ARE CAUTIONED THAT ANY BID OR PROPOSAL SUBMITTED IN RESPONSE TO THIS SOLICITATION MUST MEET THE CRITERIA IDENTIFIED BY 38 CFR, PART 74. ANY PERSON, PERSONS, OR BUSINESS ENTITY SUSPECTED OF MISREPRESENTING ITSELF FOR THE PURPOSE OF SECURING A GOVERNMENT CONTRACT MAY BE CRIMINALLY INVESTIGATED AND PROSECUTED FOR FRAUD AGAINST UNITED STATES OF AMERICA. PARTIES FOUND MISREPRESENTING THEIR STATUS ALSO RISK DEBARMENT FROM FURTHER GOVERNMENT CONTRACTS.

All interested Service Disabled Veteran Owned Small Business (SDVOSB) firms must be registered in the System for Award Management (SAM) and registered and viewable as a SDVOSB firm at the VetBiz Vendor Information Pages

Annual Representations and Certifications must be current and filed online at <https://orca.bpn.gov/>

POC for this project is: Eural A. Bennett, Contracting Officer.

Telephone requests for information or questions will NOT be accepted.

Please email questions to eural.bennett1@VA.Gov and ensure that the subject line includes

Pre-Solicitation Number: VA101V-16-R-0503, IL Construction Milwaukee, Wisconsin.

Physical Size **Project Value** \$200,000.00
Description Site work for a water / sewer project in Milwaukee, Wisconsin. Completed plans call for site work for a water / sewer project. For furnishing all plant labor, equipment, materials and performing all work necessary for this project
 The project contemplated herein consists of removing, procuring and installing a new D & D 1st Stage Surge Bin 2 Feed Screw Conveyor.
 All contractor and subcontractor employees shall obtain specific site plant safety training from Veolia Water prior to working on the site. Veolia Water will offer a total of two one-hour training sessions to the contractor and any subcontractors. The Contractor shall adhere to all Veolia Water safety policy and procedures.
 One (1) complete set of Bidding Documents, including the Instructions to Bidders, Bid Form, and Contract Documents will be provided. Questions pertaining to the proposed work should be directed to Richard Schairer, 414-486-3990.
 Subcontractors, manufacturers and material suppliers should obtain information and review the Bidding Documents by contacting potential Bidders. Documents will also be available for review at the offices of Veolia Water Milwaukee, LLC, 700 East Jones Street, Milwaukee, WI. The time for completion of the Contract shall be ninety (90) days from the date of Notice to Proceed. Veolia Water reserves its rights to reject any Bid, to reject all Bids, and any bid not conforming to the intent of the invitation for bids and to postpone the award of the Contract for a period of time not exceeding forty-five days from the bid opening date. Bids shall remain firm and may not be withdrawn during this forty-five (45) day period.
 Veolia Water reserves its rights to waive any informality or deficiency in any Bid, to accept any Bid, to negotiate modifications of any Bid with any Bidder and accept any modified Bid, and to rebid the Project, all at Veolia Water's sole discretion.

Project Value \$1,000,000.00

Description Site work for a water / sewer project in Milwaukee, Wisconsin. Completed plans call for site work for a water / sewer project. The project contemplated herein consists of the Contractor rebuilding the Sewage Pump 3, installing the new rebuilt pump and providing start-up and testing. All Contractor and subcontractor employees shall obtain specific site plant safety training from Veolia Water prior to working on the site. Veolia Water will offer a total of two one-hour training sessions to the contractor and any subcontractors. Questions pertaining to the proposed work should be directed to Dan Skoczynski, 414-747-3838. Subcontractors, manufacturers and material suppliers should obtain information and review the Bidding Documents by contacting potential Bidders. The time for completion of the Contract shall be forty-five (45) days from the date of Notice to Proceed. Veolia Water reserves its rights to reject any Bid, to reject all Bids, and any bid not conforming to the intent of the invitation for bids and to postpone the award of the Contract for a period of time not exceeding forty-five days from the bid opening date. Bids shall remain firm and may not be withdrawn during this forty-five (45) day period. Veolia Water reserves its rights to waive any informality or deficiency in any Bid, to accept any Bid, to negotiate modifications of any Bid with any Bidder and accept any modified Bid, and to rebid the Project, all at Veolia Water's sole discretion.

Description Renovation of a municipal facility in Janesville, Wisconsin. Completed plans call for the renovation of a municipal facility. Rock County reserves the right to accept or reject any or all bids; to waive any technicality or error in any bid or part therein, and to accept the same or combinations, in whole or in part, whichever is deemed to be in the best interest of Rock County.

Contracts are awarded to the lowest, most qualified, responsible and responsive bidder on the basis of the base bid and full consideration of any or all alternatives, as may be in the best interest of Rock County. In determining the award of contract, Rock County will consider the scope of the work involved, timeliness of delivery, competency of bidder, bidder's ability to render satisfactory service, and past performance. If two or more bidders submit identical bids, Rock County will make award to bidder of its choice and such decision will be final.

All questions concerning this Invitation to Bid must be submitted in writing to Jodi Millis. Questions must be received by 12:00 noon (local time), October 26, 2016. Questions received after this date and time will not be answered. Questions may be faxed to (608) 757-5539 or emailed to jodi@co.rock.wi.us.

Start Date 2016/11/16 End Date 2017/02/15
 Physical Size 2100 Project Value \$100,000.00

Description Remodeling of a municipal facility in Sheboygan, Wisconsin. Completed plans call for the remodel of a 2,100-square-foot municipal facility. ** Cost Estimate: Under \$ 100,000 ***

Sheboygan County is accepting sealed bids to remodeling IT Department spaces at the Sheboygan County Courthouse 5th Floor, 615 North 6th Street in Sheboygan, Wisconsin.

The project consists of a 2,100 square foot interior remodeling, including building of selective demolition, rough & architectural woodwork, hollow metal borrowed lights, glass & glazing, drywall, acoustical panel ceilings & grid, carpet, painting, plumbing demolition, HVAC and electrical work. Lump sum bids with bond security will be received as follows: GC-1 General Construction.

Proposals shall be prepared in accordance with contract documents prepared by Bray Associates Architects, Inc., 1227-A North 8th Street, P. O. Box 955, Sheboygan, WI 53082-0955.

Contract documents in hard copy form are available for a purchase at Great Lakes Blueprinters, Inc. To order a full set of the documents contact Great Lakes Blueprinters, Inc. at (920) 458-3676 for pricing. Electronic versions of the plans and specifications are available on the Great Lakes Blueprinters, Inc. share file site. Contractors can email Great Lakes Blueprinters, Inc. at prints@greatlakesblueprinters.com to request an electronic file.

Contractors MUST call ahead if they intend to pick up plans, as this is a print to order project. • Neither the Building Owner nor the Architect will provide additional SETS of drawings for construction use. • It is each Contractor or Sub-Contractor's responsibility to review and obtain FULL SETS of construction documents and addendums for bidding and construction purposes. Neither the Building Owner nor the Architect for construction will issue any additional sets of plans and specifications for construction.

Attention of Bidders is called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract as required by Wisconsin Statutes SS.66.0903 and Wisconsin Administrative Code Section IND 90.08 and the provisions as required in Wisconsin ACT 181. Bidders shall bring discrepancies, omissions, and conflicts of doubt as to true meaning of any part of the contract documents to the Architect, Attn: Greg Straub at gstraub@brayarch.com at least seven (7) working days prior to bid date.

Construction Schedule: Start Construction on or before November 16, 2016 Completion: On or before February 15, 2017

Sheboygan County reserves the right to accept Bidder's Base Bid, reject any or all Bids which the Owner deems not to be in its best interest and waive any informalities or minor irregularities in the Bids and waive minor irregularities in the bidding procedure, all at the Owner's discretion and award contract based on its investigation of the Bidders

For directions or further clarifications, contact James TeBeest, Director - Building Services, 615 North 6th Street, Sheboygan, Wisconsin 53081; or by phone at (920) 459-4349.

Descriptive Information

[Start Date](#) 2017/05/22 [End Date](#) 2017/07/12
[Physical Size](#) [Project Value](#) \$115,000.00
[Description](#) Renovation of a stadium in Madison, Wisconsin. Completed plans call for the renovation of a stadium. Estimation cost : 115,000
 All potential bidders must become certified by DOA prior to submitting bids on state construction projects with budgets over \$50,000
 All bids received from contractors who are not certified will be rejected
 These changes take effect January 1, 2014. Contractor certification applications and instructions for completing the form may be obtained from the DOA
 In general the work consists of: Replacement of expansion joint system and cover plates in Section N of Camp Randall Stadium. The existing expansion joint will be cut wider to allow a precompressed foam seal system to be installed along the length of the joint.
 A pre-bid tour is highly recommended---please contact Nate Gallagher: ncg@athletics.wisc.edu University of Wisconsin Madison, Division of Intercollegiate Athletics, 25 North Breese Terrace, Madison, Wisconsin 53711

Physical Size	Project Value \$800,000.00

Description Renovation of a municipal facility in Milwaukee, Wisconsin. Completed plans call for the renovation of a municipal facility. Any required addenda or response related to listed projects will be posted on the DPW website. At this time there are still a limited number of hard copies of the bid documents available at the address listed below. If You Only Print The DocuMents From The Dpw Website Please Call 414-286-3314 To Have Your Company's Name And Contact Information Placed On The Plan Holder's List.

The first term of the contract will be for one year, with the option to extend for two additional one-year periods, upon mutual consent of both parties. Mechanical Unit Maintenance will be on an as needed as requested basis. Liquidated Damages, per diem: \$150.00 The SBE requirement for this project is 25% of the contract base bid. The residency requirement for this project is 40% of all hours worked on the project.

The original bid bond document will then need to be submitted by the contractor to the Department of Public Works Contract Office, Rm. 506, Municipal Building, immediately upon being notified that they are the apparent low bidder. Important Notice: The Invitation to Bid, all bid documents and the Plans and Specifications for the listed project(s) are all available electronically on the DPW website AS WELL AS on the Bid Express Website.

At this time, Bids can be submitted using either Bid Express OR by purchasing and submitting paper bids in the usual manner. However, Bidders are strongly encouraged to utilize the electronic and/or Bid Express methods of obtaining bid documents and Bid Express for submitting bids, as in the near future the Department of Public Works intends to have bid documents available only electronically and through Bid Express, and to accept bid submittals only via Bid Express.

The Bid Express website is located at bidexpress.com. Any required addenda or response related to listed projects will be posted on both the DPW and Bid Express websites.

At this time there are still a limited number of hard copies of the bid documents available at the address listed below. If You Only Print The Documents From The Dpw Website Please Call 414-286-3314 To Have Your Company's Name And Contact Information Placed On The Plan Holder's List. Payroll Monitoring Req- Uirements: The Prime Contractor awarded this project is required to participate in training on the City of Milwaukee's LCP Tracker Labor Compliance Software after the date of contract award. Throughout the contract term, Contractors are required to regularly provide timely payroll information via LCP Tracker.

Please contact the DPW Contracts Office at 414-286-3314 should you have any questions or concerns regarding the training or reporting process. Questions regarding this Bid should be addressed to Scott Stange in writing via email at: sstang@milwaukee.gov. Deadline for questions regarding the Formal Bid are due by 4:45 pm on October 24, 2016.

Any additional information and/or clarification(s) regarding this Bid will be issued in the form of an addendum to this Bid on or before October 26, 2016.

Descriptive Information

Start Date 2017/01/30 **End Date** 2019/07/01
Physical Size **Project Value** \$39,663,908.00

Description Site work and renovation of a mixed-use development in Madison, Wisconsin. Completed plans call for the renovation of an educational facility. Effective January 1, 2014, all potential bidders must be certified by DOA prior to 18 submitting bids on state construction projects over \$50,000. All bids received from contractors who are 19 not certified will be rejected.

MBE AND WBE GOAL 9%.

This project is being let using a new single prime bidding and contracting process. DFD will publicly bid the applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work first. Within 5 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each applicable MEP division of work.

These successful MEP bids must be included in all general prime contractor bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will publicly open general prime contractor bids. General prime contractor bids that do not include the successful MEP bids will be rejected. The state will enter into a single contract with the lowest, qualified, responsible, certified general prime contractor and this general prime contractor will enter into subcontracts with the successful MEP bidders.

The bidder is responsible for the sealed bid being delivered to the indicated location for receipt stamping before the time specified for the bid opening. Third party delivery is entirely at the bidder's risk. This project will completely renovate Witte Residence Hall. The 230,799 GSF building is composed of two wings with nine floors in each wing and the first floor common space.

The project includes a full renovation of the existing building and will replace the heating system, plumbing system, electrical system, fire alarm, elevators, doors, windows, utilities, building security, emergency generators, and fire pumps; modify the fire sprinkler system; and install air conditioning in all rooms. The project includes asbestos abatement, and life safety and ADA access upgrades both inside and outside the building, including move-in and move-out planning.

The lower level and first floor resident life, classroom, and office space will be remodeled. Two apartments for on-site managers will be provided. The project consolidates new elevators, key mechanical equipment, accessible resident entry, and resident life space into a new connecting tower.

It will also add an 11th floor of residential rooms (118 additional beds) to offset bed count loss that results from creating code compliant bathroom facilities, mechanical chases, and other bed loss on campus. The connecting tower and 11th floor additions will increase the building's square footage by 56,525 GSF and permit the project to be undertaken and continuously occupy the building during the academic year(s).

Base Bids will be received as a single lump sum bid for 20 Fire Protection (Fire Suppression), 30 Plumbing 40 Mechanical (Heating, Ventilating, Air Conditioning) and 50 Electrical.

Descriptive Information

Start Date 2017/01/29 **End Date** 2017/10/31
Physical Size 6622 **Project Value** \$2,780,500.00

Description Site work, new construction, renovation and addition to a detention facility in Green Bay, Wisconsin. Completed plans call for the construction of a 6,622-square-foot detention facility; for the renovation of a detention facility; and for site work for a detention facility. Estimate Construction Cost\$2,780,500

This project is being let using a new single prime bidding and contracting process. DFD will publicly bid the applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work first. Within 5 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each applicable MEP division of work. These successful MEP bids must be included in all general prime contractor bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will publicly open general prime contractor bids. General prime contractor bids that do not include the successful MEP bids will be rejected. The state will enter into a single contract with the lowest, qualified, responsible, certified general prime contractor and this general prime contractor will enter into subcontracts with the successful MEP bidders.

In general the work consists of A 6,622 square foot new addition building with a slab on grade floor, masonry walls, steel joist roof framing, EPDM roofing over tapered insulation, renovation of existing buildings, security doors/hardware/glazing, painting, plaster ceilings, acoustical tile ceilings, casework, polished concrete floor, plumbing, HVAC, electrical security, voice/data, sitework and utilities. The project also renovates 1,819 square feet in the existing intake building.

OWNER: State of Wisconsin, Department of Administration (DOA), Division of Facilities Development,hereinafter termed DFD.

Prevailing wage rates are applicable to this project. Those rates are included in the Supplementary General Conditions of the Contract the General Prime Contractor will be required to enter into with DFD, which can be found at Appendix 1 of the Bidding Documents for this Project.

Descriptive Information

Start Date 2017/01/15

End Date 2019/06/16

Physical Size 230799

Project Value \$39,663,908.00

Description Renovation of a mixed-use development in Madison, Wisconsin. Completed plans call for the renovation of a 230,799-square-foot educational facility. Bid Opening For MEP Bidders: 2:00 P.M., November 16, 2016.
 Bid Opening For General Prime Contractor Bidders: 2:00 P.M., December 1, 2016.
 Bid Opening For Asbestos Abatement Contractors: 2:00 P.M., December 1, 2016.

This project will completely renovate Witte Residence Hall. The 230,799 GSF building is composed of two wings with nine floors in each wing and the first floor common space. The project includes a full renovation of the existing building and will replace the heating system, plumbing system, electrical system, fire alarm, elevators, doors, windows, utilities, building security, emergency generators, and fire pumps; modify the fire sprinkler system; and install air conditioning in all rooms. The project includes asbestos abatement, and life safety and ADA access upgrades both inside and outside the building, including move-in and move-out planning. The lower level and first floor resident life, classroom, and office space will be remodeled. Two apartments for on-site managers will be provided. The project consolidates new elevators, key mechanical equipment, accessible resident entry, and resident life space into a new connecting tower. It will also add an 11th floor of residential rooms (118 additional beds) to offset bed count loss that results from creating code compliant bathroom facilities, mechanical chases, and other bed loss on campus. The connecting tower and 11th floor additions will increase the building's square footage by 56,525 GSF and permit the project to be undertaken and continuously occupy the building during the academic year(s). General prime contractor bids that do not include the 30 successful MEP bids will be rejected.

Base Bids will be received as a single lump sum bid for: 2) Fire Protection (Fire Suppression); 3) Plumbing; 4) Mechanical (Heating, Ventilating, Air Conditioning); and 5) Electrical.

Descriptive Information

Start Date 2017/01/30 **End Date** 2019/07/01
Physical Size **Project Value** \$39,663,908.00
Description Site work and asbestos abatement for a mixed-use development in Madison, Wisconsin. Completed plans call for site work for a educational facility; and for asbestos abatement for a educational facility. Estimate Construction Cost \$39,663,908
 Prevailing Wages Are Applicable.

As part of a larger project that renovates Witte Hall and Sallery Hall, additions are planned to each hall. According to provided topographic maps, finish floor elevation is 871.2 ft at Sallery Hall and 859.2 ft at Witte Hall. Basement slab grade is 13 ft below first floor grade, or at EL 858.2 ft at Sallery Hall and at EL 846.2 ft at Witte Hall. The two towers at each location are currently connected by a ground level lobby but not on the upper levels. Therefore, the main addition at each hall is expected to consist of 10 or 11 abovegrade levels and one below-grade (basement) level. The additions will include four elevator cores and connect both towers with lobby, recycling room, bathrooms, program and study space, as well as kitchenette. Note that we understand the 11 -story alternative would be chosen if a vertical expansion (one level) of the existing buildings is completed.

Descriptive Information

[Start Date](#) 2016/12/09 [End Date](#) 2017/03/09
[Physical Size](#) [Project Value](#) \$92,000.00
[Description](#) Renovation of a mixed-use development in Waupun, Wisconsin. Completed plans call for the renovation of a power facility. NOTICE: All potential bidders must become certified by DOA prior to submitting bids on state construction projects with budgets over \$50,000. All bids received from contractors who are not certified will be rejected. These changes take effect January 1, 2014.
 In general the work consists of: This project involves the installation of a city water booster pump to boost the city water pressure up to the institution water pressure so the city water can be used to backup the and Waupun correctional institutions facilities well systems. The work will be in the power plant. The trades involved will be the plumbing trade and electrical trade.
 Estimate Construction Cost \$92,000

Administration Building - State of Wisconsin	Robert Hoffmann	Madison WI	Other	(608) 266-1458	(608) 267-2710	

Descriptive Information

Start Date 2017/01/14 End Date 2017/04/10
 Physical Size 8441 Project Value \$2,780,500.00
 Description Site work, new construction and renovation of a detention facility in Green Bay, Wisconsin. Completed plans call for the construction of a 6,622-square-foot detention facility; and for the renovation of a 1,819-square-foot detention facility. In general the work consists of A 6,622 square foot new addition building with a slab on grade floor, masonry walls, steel joist roof framing, EPDM roofing over tapered insulation, renovation of existing buildings, security doors/hardware/glazing, painting, plaster ceilings, acoustical tile ceilings, casework, polished concrete floor, plumbing, HVAC, electrical security, voice/data, site work and utilities. The project also renovates 1,819 square feet in the existing intake building.

Estimate Construction Cost : \$2,780,500.

This project is being let using a new single prime bidding and contracting process. DFD will publicly bid the applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work first. Within 5 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each applicable MEP division of work. These successful MEP bids must be included in all general prime contractor bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will publicly open general prime contractor bids. General prime contractor bids that do not include the successful MEP bids will be rejected. The state will enter into a single contract with the lowest, qualified, responsible, certified general prime contractor and this general prime contractor will enter into subcontracts with the successful MEP bidders.

Descriptive Information

Start Date 2017/01/09 End Date 2017/06/08
 Physical Size 10365 Project Value \$1,000,000.00

Description Site work, paving and renovation of a mixed-use development in Dodgeville, Wisconsin. Completed plans call for the renovation of a 10,365-square-foot retail development. The Work of this Project is described, in general, as the renovation of an existing one-story, slab-on-grade, approximately 10,365 gross square foot, vacant building. The renovation will create a new thrift store, office, and food pantry facility.

Work will include parking lot sealing, repair, paint marking, and accessible signage; new floorcoverings; new acoustical ceiling tile; attic insulation; window reglazing; new storefront windows; patching, repainting, replacing as necessary existing partitions; new accessible ramp; relocation of cabinetry; new service door; new automatic doors; new lavatories; new high-efficiency natural gas tank type heater; new water softener; new underfloor waste piping; new gas-fired furnaces; insulated supply and return ductwork; energy recovery ventilators; new toilet room exhaust; caged thermostats; new electric cab heaters.

The scope of the Project includes all rough and finish work as shown on plans and described within the specifications. The Project will be subject to Prevailing Wage Rates issued by the Wisconsin Department of Workforce Development and to Davis Bacon Wage Rates issued by the federal government. No less than the rates listed shall be paid to an individual for performing work in the classification indicated, regardless of any contractual obligation that may exist between such individuals and the Contractor or Subcontractor. Any wage paid for classification(s) of work not included in the Prevailing Wage Rates/Davis Bacon Wage Rates shall be not less than the applicable wage rates. Specified wage rates are minimums. Contractor may pay rates in excess of applicable rates. Lump-sum bids will be received.

The Project Drawings, Project Manual, and other Bidding Documents prepared by the A/E may be examined at the following locations: Southwest Community Action, Inc. (SWCAP) 201 South Iowa Street Dodgeville, Wisconsin 53533 Joe Weier, Project Coordinator Phone: 608.935.2326 Ext 252 Dimension Iv Madison Design Group 6515 Grand Teton Plaza, Suite 120 Madison, Wisconsin 53719 Amy Mcnally, Project Architect Phone: 608.829.4460 Email: amcnally@dimensionivmadison.com

The owner may require bidders to file a completed bidders proof of responsibility statement with the owner to show sufficient financial ability, equipment and experience to properly perform the contract. The Owner reserves the right to waive irregularities and to reject any or all Bids. No Bid may be withdrawn until 60 days after the time stated for receipt of Bids. Unless all bids are rejected, the Owner will award the project to the lowest responsible bidder as provided by State statutes.

Project Value \$800,000.00

Description Site work for a playground / park / athletic field in La Crosse, Wisconsin. Completed plans call for site work for a playground / park / athletic field. The Work of this Project consists of site improvements to Powell Park in La Crosse, WI. Construction work includes but is not limited to the following: earthwork; concrete sidewalks; asphalt shingle roofing (alternate); painting; aluminum fencing; stone retaining walls; playground installation and surfacing; landscaping including seeding and planting; irrigation (alternate); and electrical work.

The above public work will be let to the lowest responsible bidder and shall be performed in accordance with the plans and specifications for the same now on file with the Engineering Department for the inspection of bidders and in accordance with the prepared form of contract and bond also on file with said Engineering Department.

Bidder's Proof of Responsibility form must be filed in the office of the Director of Finance, City of La Crosse, not later than 4:00 p.m. on 3rd Day of November, 2016, and show sufficient financial ability, equipment, and experience to properly perform the contract.

The Board's decision as to qualification shall be final. Bids will be accepted only from such qualified bidders. The Notice to Contractors, Information to Bidders, Bid Proposal, Certificate of Organization and Authority, Disclosure of Ownership, Bid Bond and List of Subcontractors, Performance-Payment Bond, General Conditions, Minimum Wage Scale, Specifications, Plans, Addenda (if any), and all ordinances of the City applicable to this contract shall be considered a part of the contract. All Bidders shall inform themselves of the current municipal wage scale for public works as established by the State of Wisconsin and the minimum wage determination made by HUD for this project, and they shall be required to pay the higher of these rates of pay.

Contractors are advised to review the contract documents in regard to Federal forms and documents required on this project to ensure that employees and applicants for employment are not discriminated against because of their race, sex, religion, color, or national origin. The following labor regulations are in effect on this project and are considered to be a part of the contract document by reference. 1. Copeland "Anti-Kick Back" Act (18 U.S.C. 874) as supplemented in Dept. of Labor Regulations (29 CFR, Part 3). 2. Davis-Bacon Act (40 U.S.C. 276 a to a-7) as supplemented by Dept. of Labor Regulations (29 CFR, Part 5). 3. Section 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Dept. of Labor regulations (29 CFR, Part 5).

The bidder's attention is called to the "Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity (Executive Order 11246)", contained in the bid documents, which sets forth, in part, goals and timetables for the employment of women and minorities in the project area. The Officer's or Bidder's attention is also called to the "Assurance of Compliance with Section 3 of the Housing and Urban Development Act of 1968" requirements contained in the bid documents which sets forth, in part, requirements for training, employment, and contracting opportunities for the businesses and low income persons as follows:

The work to be performed under this contract is on a project assisted under a program providing direct Federal financial assistance from the Department of Housing and Urban Development and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u. Section 3 requires that to the greatest extent feasible opportunities for training and employment be given low-income residents of the project area and contracts for work in connection with the project be awarded to business concerns, which are located in, or owned in substantial part by persons residing in the area of the project.

The parties to this contract will comply with the provisions of said Section 3 and the regulations issued pursuant thereto by the Secretary of Housing and Urban Development set forth in 24 CFR 135, and all applicable rules and orders of the Department issued there under prior to the execution of this contract. The parties to this contract certify and agree that they are under no contractual or other disability which would prevent them complying with these requirements.

The contractor will send to each labor organization or representative of workers with which he has a collective bargaining agreement or other contract or understanding, if any, a notice advising the said labor organization or workers' representative of his commitments under this Section 3 clauses and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

The contractor will include this Section 3 clause in every subcontract for work in connection with the project and will, at the direction of the applicant for or recipient of Federal financial assistance, take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the Secretary of Housing and Urban Development, 24 CFR 135. The contractor will not subcontract with any subcontractor where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR 135 and will not let any sub-contract unless the subcontractor has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.

Compliance with the provisions of Section 3, the regulations set forth in 24 CFR 135, and all applicable rules and orders of the Department issued there under prior to the execution of the contract, shall be a condition of the Federal financial assistance provided to the project, binding upon the applicant or recipient for such assistance, its successors, and assigns. Failure to fulfill these requirements shall subject the applicant or recipient, its contractors and subcontractors, its successors, and assigns to those sanctions specified by the grant or loan agreement or contract through which Federal assistance is provided, and to such sanctions as are specified by 24 CFR 135.

The bidder's attention is also called to the bid documents, which require all contractors to comply with the following: 1. Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974. 2. Section 503 of the Rehabilitation Act of 1973, Pub.L. 93-112, as amended by the Rehabilitation Act Amendments of 1974, Pub. L. 93-516. The time for commencement of the work shall be ten (10) days after Common Council shall have awarded the contract and shall be completed by August 4, 2017. The outside of the envelope containing the proposal is to be marked; Powell Park Renovations Please Note: The outside of the mailing envelope needs to be addressed directly to the city clerk's office, not city hall, or it could delay your bid being on time.

Plans and Specifications may also be obtained from the City Engineer's office. Paper copies are available upon payment of \$0.25 cents per page paper copy (8 1/2" x 11") or \$5.00 per page paper copy (plan sheets). CD's containing a PDF version of the bid specifications and plan sheets are available for \$10.00. Fees are non-refundable. Checks should be made payable to the City Of La Crosse Treasurer. Fees and request for Plans and Specifications shall be submitted to the Engineering Department, 400 La Crosse Street, La Crosse, Wisconsin, 54601; Phone: (608) 789-7505 and Fax: (608) 789-8184.

Description Renovation of a medical facility in Milwaukee, Wisconsin. Completed plans call for the renovation of a medical facility. Project: 111 Replace HVAC V13 AC4 MER5 Phase II

Project Number: 695-16-119

Location: Clement J. Zablocki VA Medical Center in Milwaukee, WI

The Clement J. Zablocki VA Medical Center has a requirement to Replace AC3 and V12 Air Handling Units (AHU) in Building 111. The work involves, but not limited to replacing V13 and AC4 air handling units, all phases of general construction, site security and stair access, piping alterations, asbestos abatement, mechanical, electrical, systems work, structural steel setting, roofing, commissioning and necessary demolition of existing construction, removal of dead piping and other devices, and storage and reinstallation of equipment. This project is dependent on phasing and duct/piping connections done during targeted weather windows of opportunity that occur in the spring and fall seasons in Milwaukee, WI. This will require a level of project management that can anticipate and solve issues, along with providing the Department of Veteran Affairs (VA) with advance planning to prepare for the targeted weather windows of opportunity (day > 60 °F; night < 40 °F).

The project magnitude price range is between \$1,000,000 and \$2,000,000. The North American Industry Classification Code (NAICS) for this procurement is 238220 (Plumbing, Heating, Air-Conditioning Contractors) with a size standard \$15.0 Million applies.

The project is scheduled to have a period of performance of seven hundred and thirty (730) calendar days after the Notice to Proceed is issued by the Contracting Officer.

Pursuant to Public Law 109-461, this solicitation will be issued as a 100% Service Disabled Veteran Owned Small Business (SDVOSB) set-aside. In order to be considered for award, the contractor shall be CVE-Verified as an SDVOSB vendor in https://www.vip.vetbiz.gov by the date and time specified for receipt of bids. No other sources will be considered. All interested parties shall have a current registration and current annual On-line Representation and Certifications Application (ORCA) in the System Award Management (SAM) database The System for Award Management (SAM) site prior to award.

 Description Renovation of a municipal facility in Adell, Wisconsin. Completed plans call for the renovation of a municipal facility. For other questions pertaining to your A/E Data Record, please also contact Please direct your questions via e-mail to:

Audra Jervey
 or via FAX at 608.267.2710

The State of Wisconsin, Department of Administration (DOA), Division of Facilities Development (DFD) is inviting applications from firms who are interested and qualified in providing Consultant / Architect / Engineer Services for the project referenced above.

This project renovates Building 3 on the existing hatchery property for use as a bio-secure broodstock holding facility for adult Skamania steelhead. The new facility will need to be sufficiently sized to produce 510,000 yearling steelhead and 500,000 yearling Coho salmon per year. Construction of processes for aquaculture activities, wells, and wastewater treatment facilities are to meet guidelines in the Great Lakes Water Compact, and discharge rules related to the hatchery's WPDES permit. The hatchery design must also anticipate discharge limits that may be put in place for TMDL limits on phosphorus in the future. The project should attempt to maximize staff process productivity while minimizing energy consumption, overhead expenses, and maintenance costs whenever possible. The project will modernize access to the location to facilitate the delivery of fish and of commodities routinely used in fish culture, and provide access for routine maintenance. The project will also include a visitor's center and access to viewing of fish rearing activities by the public in a bio secure way.

Project Value \$300,000.00

Description Renovation of a multi-residential development in Fond du Lac, Wisconsin. Completed plans call for the renovation of a multi-residential development. ** Estimated Cost \$ 300,000 ***

The project consists of replacing the controls to two existing elevators at Rosalind Apartments.

The Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

The successful bidder shall be required to furnish one of the following Assurance Completion Documents: a. 100% Performance/Payment Bond b. 50% Performance Bond, 50% Payment Bond c. 20% Cash Escrow d. 25% Irrevocable Letter of Credit from an approved bank. HUD Form 5369A - Representatives, Certifications and Other Statements of Bidders must accompany each bid in accordance with the Instructions to Bidders.

For all contracts in the amount of \$10,000.00 or more, the Contractor will be required to submit an Affirmative Action Program demonstrating his willing-ness not to discriminate on the basis of race, color, religion, sex or national origin. The Affirmative Action Program shall: 1. Identify areas of employment, employment policies and practices which require action by the Contractor or Sub-contractor to assure equal employment opportunity to all employees and applicants for employment without regard to race, color, religion, sex or national origin.

2. Analyze these areas, policies and practices to determine what actions by the Contractor or Subcontractor will be most effective in assuring equal opportunity; and

3. Establish a plan to achieve employ-ment opportunity through these actions Specialists at your service identified as potentially most effective. All Contractors and Subcontractors will be required to comply with Section 3 of the Housing and Urban Development Act of 1968 and to submit an Affirmative Ac-tion Program demonstrating his willingness to train and employ, to the greatest extent feasible, lower-income residents of the HUD-assisted project area and utilize businesses located in the HUD assisted area.

Pursuant to Executive Order 12432, HUD has established a 20 percent goal for the participation of Minority and Female Owner Business Enterprises in funded activities. 24 CFR 85-36 Para-graph E steps 1 through 4 indicate the procedures required to solicit Minority Business Enterprises. Chapter 6 of the Capital Fund Guidebook also outlines the requirements for affirmative actions you must take to assure that small, minority and female owned businesses are utilized in this program.

The Fond du Lac Housing Authority reserves the right to reject any and all bids and to waive any informalities.

Descriptive Information

Start Date 2016/12/19 **End Date** 2019/12/19
Physical Size **Project Value**
Description This is a service / maintenance or supply contract in Milwaukee, Wisconsin. Contact the soliciting agency for additional

Description information. Milwaukee County is seeking vendors to provide Disaster Restoration Services that include but are not limited to providing supervision, equipment, materials, labor, travel, and all means necessary to provide Milwaukee County immediate response for property insurance loss, building and structure loss not covered by insurance, natural disasters, times of civil unrest and conflict, or projects with similar characteristics.

Deadline for Receipt of Questions: October 21, 2016 at 5:00 PM

Contract Award December, 2016

The purpose of this document is to supply interested parties with information to enable them to prepare and submit qualifications for a contract to be bid to provide Disaster Restoration Services to Milwaukee County. Disaster Restoration Services include but are not limited to providing supervision, equipment, materials, labor, travel, and all means necessary to provide Milwaukee County immediate response for property insurance loss, building and structure loss not covered by insurance, natural disasters, times of civil unrest and conflict, or projects with similar characteristics.

Milwaukee County is governed by an elected County Executive and an 18 member elected County Board of Supervisors. Other County elected officials include a Register of Deeds, Treasurer, Comptroller, County Clerk, and Sheriff, who in conjunction with administration provide a full range of associated governmental services, including but not limited to law enforcement, in-patient mental health, highways, courts, corrections, official record keeping, parks and recreation, international airport operations, jail and juvenile detention, public assistance programs, and a world famous zoo. Milwaukee County employs approximately 4,750 employees and operates 24/7, with many of its employees working rotating schedules. In addition, Milwaukee County currently has approximately 2.8 billion in property assets including a statement of values encompassing over five hundred and sixty (560) buildings and structures as well as six hundred (600) plus structures in the open over an area of 1,190 sq. miles.

Restoration Services provide under the contract generated by this bid process will meet the definition of Disaster Restoration Services listed above. The selected Vendors will be expected to work closely with the involved County department's designated point of contact and with the Department of Administrative Services, Facilities Management Division (DAS-FM) whether or not the event is a covered insurance loss. Milwaukee County reserves the right to contract concurrently with a number of qualified restoration contractors as required to meet the needs generated by the quantity of emergent events and the ability for Milwaukee County staff to reach a timely agreement to proceed from the selected contractors under the terms of the contract.

Because time is of the essence when dealing with disaster recovery, Milwaukee County encourages qualification proposals that demonstrate an ability to deliver safe, immediate, and comprehensive disaster restoration and recovery services. Proposals should also demonstrate an ability to deliver the services in accordance with all Federal Emergency Management Agency ("FEMA") and insurance company requirements, to maximize the potential for payment of FEMA and insurance claims and reimbursement of expenses.

In addition, responses to this RFQ should be based upon a three (3) phased approach to remediate emergent events, including the following: phase one (1) mitigating the emergency, phase two (2) performing initial restoration work to make the area operational, and phase three (3) continuation of all follow-up on repairs. Phase three (3) would consist of further work, including possible maintenance or repairs to complete full repairs to the damaged facility. Not all requests for work under this contract must begin with Phase 1 work. This contract may be utilized at any point upon by the County and Contractor.

Milwaukee County reserves the right to bring in other restoration contract award winners to submit proposals on the cost of all phases of this phased approach. The initial term of this agreement is for three (3) years with an option for two (2) additional one-year extensions, by mutual agreement of the County and Contractor. Milwaukee County reserves the right to cancel, without cause and without penalty or recourse, this agreement at any time.

The nature of work shall include, but not be limited to water mitigation and moisture control services, fire mitigation services, mold remediation, smoke removal, chemical contamination, heating, ventilation and air conditioning ("HVAC") decontamination and cleaning, telecommunications recovery, electronics restoration, media recovery, documents, books and vital records recovery, wind/storm damage, man-made disasters or losses due to equipment failure or any other type of mitigation, loss or subsequent cleaning required to restore facilities to at least a pre-loss condition on any Milwaukee County owned property

The Contractor shall submit evidence of a minimum of five (5) years' experience in projects described in Section A above under SCOPE and shall be regularly engaged in projects of similar nature. The Contractor shall submit Company Profile/Experience information as specified in Technical Proposal Response.

Answers that change or substantially clarify the RFQ will be affirmed in writing and posted. The pre-proposal meeting will be the proposers' only opportunity to personally address questions concerning this RFQ. Milwaukee County encourages participation at the preproposal conference of any prime subcontractors. During the pre-proposal conference, attendees may request clarification of any section of the RFQ and ask any other relevant questions relating to the RFQ.

Proposers may submit questions and requests for clarification regarding this RFQ. All questions regarding this RFQ shall be made in writing, citing the RFQ title, RFQ number, page, section, and paragraph, and shall be submitted via e-mail to RFQ Contact/Administrator. Questions sent to anyone other than the RFQ Contact/Administrator will not be considered. All questions must be submitted by the specified deadline as identified on the Information Summary Sheet. Milwaukee County will not respond to any questions received after this date and time. Responses to all questions and inquiries received by Milwaukee County will be posted on Milwaukee County as identified in the Information Summary Sheet. It is the responsibility of Proposers to check this website for any and all information such as answers or addenda related to the RFQ

This RFQ is issued by the Department of Administrative Services – Facilities Management. The RFQ Administrator assigned to this RFQ, along with contact information, is noted. The RFQ Administrator is the sole point of contact during this process and no information provided by any other personnel will be considered binding

Each proposal is submitted with the understanding that it is subject to negotiation at the option of Milwaukee County. However, Milwaukee County reserves the right to make an award on the basis of the original proposal, without negotiation with any proposer. Milwaukee County reserves the right to negotiate with the proposer(s) within the scope of the RFQ in the best interests of Milwaukee County. Milwaukee County may request and require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of a proposal and/or to determine a proposer's compliance with the requirements of the solicitation. Milwaukee County may use information obtained through site visits, management interviews and the county's investigation of a proposer's qualifications, experience, ability or financial standing, and any material or information submitted by the proposer in response to the county's request for clarifying information in the course of evaluation and/or selection under this RFQ

Continuance of the contract beyond the limits of funds available shall be contingent upon appropriations of the necessary funds and the termination of this contract by lack of appropriations shall be without penalty. Milwaukee County reserves the right to make payments through a Purchasing Card.

This RFQ, acquisition and any resulting agreement must conform to Chapter 111 of the Milwaukee County Code of General Ordinance – Minimum Wage. In accordance with Chapter 111 of the Milwaukee County Code of General Ordinances, it is the policy of Milwaukee County that certain contractors, subcontractors, lessees and recipients of financial assistance doing business with the county shall pay employees performing part of full time work for the county a minimum wage rate. This rate is currently established at \$11.68/hour.

As a matter of responsiveness to this RFQ, all proposers must complete 'Attachment C – Declaration of Commitment to Compliance to Milwaukee County's Minimum Wage Provision'. It is the proposer's responsibility to familiarize themselves with the requirements of MCGO Chapter 111 and maintain compliance.

For all phase three (3) work (continuation of all follow-up on repairs) that exceeds \$100,000, the minimum hourly base wage rate and hourly fringe benefits contained in Prevailing Wage Rate Determination issued by State of Wisconsin Department of Workforce Development (DWD) for Milwaukee County for trade or occupations is required for each Contract. The latest 2016 Wage determination will be included in as a part of the contract and is available for review at office of Architecture, Engineering and Environmental Services Section, 633 W. Wisconsin Ave, 10th Floor, Milwaukee 53203.

Award of this contract is conditioned upon your good faith efforts in achieving Disadvantaged Business Enterprise (DBE) goals. For the work in phase one (1) mitigating the emergency or phase two (2) performing initial restoration work to make the area operational, Milwaukee County requests that the Contractor voluntarily utilize certified DBE firms as often as possible and appropriate.

Contact Community Business Development Partners (CBDP) at 414-278-4747 or cbdp@milwaukeecountywi.gov for assistance in identifying DBEs and understanding the County's DBE Program procedures

All proposers shall refer to Attachment L Contract Conditions, Document 00800, Supplementary Conditions, Article 3.18 INDEMNIFICATION and Article 11.0 INSURANCE AND BONDS for contracts related to this acquisition and proposer's ability and commitment to provide.

The successful firm shall comply with all applicable Federal, State, and local laws, regulations and policies including, without limitation, those pertaining to wages and hours of employment.

Proposers must submit one (1) original and seven (7) copies of all materials required for acceptance of their RFQ proposal in sealed envelopes, along with an electronic version of their proposal. Submission must be to the specific location and prior to submission deadline indicated on the 'Information Summary Sheet'. Each hard copy should be double-sided and bound, with the exception of the original, which should be double-sided but not bound.

Description This is a service / maintenance or supply contract in Hayward, Wisconsin. Contact the soliciting agency for additional information. The Hayward Community School District is seeking bids from qualified providers of lawn and grounds care for maintenance of the School District's lawns. This bid is an annually renewable contract during a three year period (2017, 2018 and 2019). Duties include mowing and trimming on approximately 60 acres per the following schedule: Lawns around all buildings - Up to twice per week Baseball fields - Up to three times per week Football fields - Up to three times per week Soccer fields - Up to three times per week Trimming along all driveways, sidewalks, bleachers, poles, fences and buildings - weekly, or as needed. An optional price should be given for applying weed killer. Those prices should be based on an hourly rate for those services, with the District providing the materials. Bidders must have proof of insurance and must be able to show they have the equipment to conduct the services in a timely manner. Bidders must also be licensed by the State of Wisconsin to apply herbicides, pesticides and fertilizer to school grounds. Starting and ending times for this work will depend on the growing season for that year. For further information, contact: Jim Heinemann, Director of Buildings & Grounds at (715)638-9033. The Board of Education reserves the right to accept or reject any or all bids.

Washington County is accepting bids for its annual requirements of disposable, commercial grade HVAC filters for use in various County facilities. Air filters shall be medium efficiency ASHRAE pleated panels consisting of a synthetic media blend, media support grid, and enclosing frame. Sizes shall be noted on drawings or other supporting materials.

Term of contract will be for 2 years starting January 1, 2017 with an option to renew (1) one additional year upon mutual agreement of both parties. Any new filters, or sizes purchased during this specified time shall be given the same price structure as bid.

All questions resulting in further clarification or modification to this (RFB) document will be handled by written addenda. Questions shall be directed to the Purchasing Department at the address listed above or via fax at 262-335-6847 or by email to webpur1@co.washington.wi.us. Questions must be asked at least three (3) business days prior to the bid due date. Questions received after this time may not be answered .

Washington County reserves the right to award the bid in the aggregate or by item or like item groups (where applicable) to the lowest responsible, responsive bidder who complies with the specifications, service and can meet the requirements of this request.

[Physical Size](#) [Project Value](#) \$50,000.00

Description Demolition and site work for a residential development in West Allis, Wisconsin. Completed plans call for the demolition of a residential development. Contractors Intending To Bid On This Project Shall First Notify The Engineering Department At Engineering With Their Contact Information In Order To Be Added To The Bidders List And In The Event Of An Addendum

Decommissioning and demolition project for two (2) residential properties in West Allis, Wisconsin in accordance with the plans and specifications on file in the office of the City Engineer.

Personnel from the City of West Allis and Project Facilitator may not be at the properties during the inspections, but will be available to answer questions at that time. Prospective bidders should have received, and reviewed thoroughly, all of the contract documents prior to this walk through inspection. Any other questions in regard to the project may be directed to the Project Facilitator (Mr. Chris Kubacki) at 414-277-6227.

The bids may be submitted on the printed pages downloaded from the "Bid Documents" folder on the FTP site. Contractors Intending To Bid On This Project Shall First Notify The Engineering Department At Engineering With Their Contact Information In Order To Be Added To The Bidders List And In The Event Of An Addendum.

The bids may also be submitted in the contract volume available from the EngineerEngineering Department. Bidders must file prequalification questionnaires with the City Engineer, as required by Section 66.29 of the Wisconsin Statutes. Thereafter, bidders can obtain blank forms of proposals together with plans and specifications at the office of the City Engineer.

Bids and proposals must be sealed and addressed to the Community Development Authority of the City of West Allis, Wisconsin, and there shall appear upon the envelope of such bid and proposal, the name and address of the bidder and the purpose for which the proposal is intended. Payment for the work will be made by order of the Community Development Authority of the City of West Allis.

No proposal shall be withdrawn for a period of forty five (45) days after the scheduled opening of the bids without the consent of the Community Development Authority of the City of West Allis. The Community Development Authority of the City of West Allis reserves the right to reject any or all bids, waive any informalities in bidding or to accept any bid which it may deem for the best interest of the Community Development Authority of the City of West Allis. Prospective bidders understand that the Community Development Authority of the City of West Allis reserves the right to de-scope a property without impact to the pricing on other properties to the successful Bidder.

This publication and/or some of the activities described herein are to be funded by the City of West Allis Department of Development through use of the U.S. Department of Housing and Urban Development's Community Development Block Grant (CDBG) funds. Section 3 Business Concerns and MBE/WBE/SBE firms are encouraged to submit proposals and may be given preference for the selection of the contractor. Section 3 Clause

A. The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUDassisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very lowincome persons, particularly persons who are recipients of HUD assistance for housing.

B. The parties to this contract agree to comply with HUD's regulations in 24 CFR part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations. C. The contractor agrees to send to each labor organization or representative or workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice.

The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person (s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.

E. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR part 135.

F. Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts. G. With respect to work performed in connection with Section 3 covered Indian housing assistance, section 7(b) of the Indian SelfDetermination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises.

Descriptive Information

Start Date 2017/02/11 End Date 2017/08/31
 Physical Size Project Value \$1,060,000.00
 Description Renovation of a municipal facility in Madison, Wisconsin. Completed plans call for the renovation of a municipal facility. NOTICE: Effective January 1, 2014, all potential bidders must be certified by DOA prior to submitting bids on state construction projects over \$50,000. All bids received from contractors who are not certified will be rejected.Contract or certification applications and instructions for completing the form may be obtained upon request from DFD- email dfdcertification@wisconsin.gov.
 This project is being let using a new single prime bidding and contracting process. DFD will publicly bid the applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work first. Within 5 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each applicable MEP division of work. These successful MEP bids must be included in all general prime contractor bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will publicly open general prime contractor bids. General prime contractor bids that do not include the successful MEP bids will be rejected. The state will enter into a single contract with the lowest, qualified, responsible, certified general prime contractor and this general prime contractor will enter into subcontracts with the successful MEP bidders. If a project does not include any mechanical, electrical, plumbing, or fire protection divisions of work, DFD will bid one bid package for all work to general prime contractors.
 In general, the work consists of providing new fiber optic cable in new conduits installed in the pedestrian tunnel system across the Central Wisconsin Center (CWC) campus. New equipment cabinets and equipment room power upgrades are also included.
 Base Bid will be received for: A single lump sum bid for All Work.
 Prevailing wage rates are applicable to this project. Those rates are included in the Supplementary General Conditions of the Contract the General Prime Contractor will be required to enter into with DFD.
 Estimate Construction Cost : \$1,060,000

Descriptive Information

Start Date 2017/01/07 **End Date** 2017/04/01
Physical Size **Project Value** \$1,000,000.00

Description Site work for a water / sewer project in Green Bay, Wisconsin. Completed plans call for site work for a water / sewer project. Contract: "2016 - 36" WATER MAIN PIPE REPLACEMENTS" in accordance with the plans therefore, the City of Green Bay Standard Specifications and Construction Standards for Public Works Construction, current Edition and the special provisions of this contract, all of which are on file in the City Clerk's/Treasurer's Office and the Director of Public Works Office in the Green Bay City Hall. This Contract includes replacing one 16-ft long 36-inch diameter prestressed concrete cylinder pipe with one owner-furnished 10' long 36-inch diameter prestressed concrete cylinder pipe and one 6-ft closure cylinder at 15 separate locations on the water transmission main; and replacing three 16-ft long 36-inch diameter prestressed concrete cylinder pipes with two owner-furnished 16-ft long 36-inch diameter prestressed concrete cylinder pipe, one owner-furnished 10' long 36-inch diameter prestressed concrete cylinder pipe, and one 6-ft closure cylinder at 1 location on the water transmission main. The locations are located on the east side of the City of Green Bay and in the Town of Humboldt along Finger Road. The Contractor shall include all incidental items necessary to complete the work as shown on the plans and included in the proposal and Contract.

Electronic contract documents will also be available through the Office of the City of Green Bay Director of Public Works, Room 300, City Hall, 100 North Jefferson Street, Green Bay, Wisconsin 54301 in CD form for a fee of \$20.00. The charges for bidding documents are non-refundable. Anyone desiring the Contract Documents including plans and specifications by mail shall submit a separate check made payable to the City of Green Bay in the amount of \$10.00 to cover handling and postage. This check will not be refunded. The work shall be let in accordance with the following Sections of the Wisconsin Statutes. 1. Section 62.15 regarding public works construction. 2. Section 779.15 regarding lien on contractors. 3. Section 66.0903 regarding municipal wage scale. 4. Section 66.0901(2) regarding proof of responsibility. All bidders shall provide proof of responsibility on the form furnished by the Director of Public Works and it shall be filed with the Director of Public Works not less than five (5) days prior to the time set for opening of bids. Said proof of responsibility shall not be valid if filed prior to one year of the date of opening bids.

All work performed on this project shall conform with Section 4.12 of the City of Green Bay Code of Ordinances establishing wage scales on Public Works projects. If this contract has a copy of a "Prevailing Wage Rate Determination" contained in the Special Provisions, the Contractor shall incorporate a copy of the determination into all subcontracts. If additional copies are needed, copies can be obtained from the Office of the Director of Public Works, Room 300, City Hall, 100 North Jefferson Street, Green Bay, Wisconsin 54301. Municipal wage rate enforcement shall be as provided in Section 66.0903 Wisconsin Statutes. In accordance with Section 9.16 of the City of Green Bay Code of Ordinances, any corporation, firm, or individual violating Chapter 133.01 of the Wisconsin Statutes, or any subsequent amendment thereof, shall upon conviction thereof be thereby disqualified as a bidder on any City of Green Bay project for a period of three (3) years from the date of such conviction; however, nothing herein shall be interpreted to preclude such corporation, firm, or individual from completing any and all contracts he/she may already have with the City at the time of such conviction, nor shall this ordinance be applied retroactively to convictions occurring prior to the adoption and publication of this ordinance. This prohibition applies with like force to officers of convicted corporations, firms, or individuals who thereafter have business interest in new corporations or business enterprises of whatever kind or description. Sealed bids shall be delivered or addressed to the City Clerk/Treasurer, Room 106, City Hall, 100 North Jefferson Street, Green Bay, Wisconsin, 54301. The City of Green Bay, Wisconsin reserves the right to reject any or all bids and to waive any informalities in bidding. No bids shall be withdrawn after the opening of bids without the consent of the City of Green Bay, Wisconsin for a period of sixty (60) days after the scheduled time for closing bids

Only the Proposal Pages, Bid Bond or Certified Check, and any Addenda issued shall be submitted. Only proposals submitted by firms appearing on the City of Green Bay list of plan holders will be opened. In case the successful bidder shall fail to execute such contract and performance bond, the amount of the check or bid bond shall be forfeited to the City as liquidated damages. Published by the authority of the Improvement & Service Committee of the Common Council of the City of Green Bay, Wisconsin.

Pre-qualification Required: Yes

Descriptive Information

Start Date 2016/12/08 **End Date**
Physical Size **Project Value** \$100,000.00

Description Demolition and site work for a municipal facility in Milwaukee, Wisconsin. Completed plans call for the demolition of a municipal facility. Bidders Take Notice: The Abatement Of Asbestos And Other Hazardous Materials Is To Be Completed By The Contractor. Contractors Must Provide Written Notice And Post In A Conspicuous Location To All Occupants Adjacent To Or On The Street Face Where The Demolition Occurs.

All Contractors awarded a contract valued at \$25,000.00 or more are required to participate in training on the City of Milwaukee's contract compliance software. Contractors must complete the training no later than 30 days after the date of contract award. Throughout the contract term, Contractors are required to regularly provide timely payment information in the City's contract compliance software. Please contact the Office of Small Business Development (OSBD) at 414-286-5553 should you have any questions or concerns regarding the training process.

Bids shall be awarded to lowest, qualified, responsive, and responsible bidder on lump sum..

All bids shall be held open for a period of sixty (60) days subsequent to the opening of bids and no bid may be withdrawn without the written consent of the Commissioner. In The Event The Commissioner, During The Sixty Days Following Bid Opening, Takes No Action Relative To The Bid Or Bids Received, Then The Bid Or Bids Shall Become Null And Void Without Recourse Of Any Kind By Either The Bidder Or Commissioner, Acting On Behalf Of The City.

As part of the bid, each bidder shall submit a full and complete list of all the proposed subcontractors and the class of work to be performed by each, which list shall not be altered without the written consent of the Commissioner.

The Commissioner reserves the right to reject any and all bids at any time, if it is in the best interests of the City, and to waive any informalities in bidding.

Attention is called to the fact that: (a) per changes in State Statute 66.0903, effective July 1, 2011 prevailing wage rates apply to work advertised or performed under these bid/contract documents; (b) the successful bidder will not discriminate against any qualified employee or qualified applicant for employment because of sex, race, religion, color, national origin or ancestry, age, disability, lawful source of income, marital status, sexual orientation, gender identity or expression, past or present membership in the military service, familial status, or based upon affiliation with, or perceived affiliation with any of these categories as provided by Section 109-9 of the Milwaukee Code of Ordinance This provision must be included in all subcontracts. (c) Contractor agrees that they will comply with all applicable requirements of the Americans with Disabilities Act of 1990, 42 U.S.C. 12101 et seq. (d) both parties understand that the City is bound by the Wisconsin Public Records Law, and as such all of the terms of this Agreement are subject to and conditioned on the provisions of Wis. Stat. Section 19.21, et seq. Contractor acknowledges that it is obligated to assist the City in retaining and producing records that are subject to Wisconsin Public Records Law, and that the failure to do so shall constitute a material breach of this Agreement, and that the Contractor must defend and hold the City harmless from liability under that law. Except as otherwise authorized, those records shall be maintained for a period of seven (7) years after receipt of final payment under this Agreement.

Successful bidder will be required to complete an Affidavit of Compliance/Disclosure of Participation in or Profits Derived from Slavery by Contractors before contract can be executed, if the company was established in or before 1865.

For a complete listing of City of Milwaukee certified SBE firms please contact the Office of Small Business Development at 414-286-5534. More information can be found

This bid includes a Local Business(LBE) incentive in accordance with Chapter 365 Milwaukee Code of Ordinance. It Is Your Responsibility As A Bidder To Familiarize Yourself With This Ordinance Prior To Submitting Your Bid.

Physical Size

Project Value \$1,000,000.00

Description Site work for a water / sewer project in Oak Creek, Wisconsin. Completed plans call for site work for a water / sewer project. The Contract letting shall be subject to the provisions of Section 62.15, 66.0901, 66.0903, and 779.16 Wisconsin Statutes. The minimum wage scale to be paid on this project shall be in accordance with the prevailing minimum wage as determined by federal or state law, whichever applies, and such wage is incorporated by reference, as it may be amended from time to time. If the United States Department of Housing and Urban Development or State of Wisconsin, Department of Workforce Development has issued a wage rate determination, then it shall apply.

A certified check or bank draft payable to the Oak Creek Water & Sewer Utility, or a satisfactory bid bond, shall accompany each bid as a guarantee that if the bid is accepted, the bidder will execute and file the proposed contract and bond within 10 days after the award of the contract. In case the bidder fails to file such contract and bond within the time set by the Utility, the check or bid bond shall be forfeited to the Utility as liquidated damages pursuant to SS.62.15(3).

The Oak Creek Water & Sewer Utility hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the ground of race, color, sex, or national origin in consideration for an award.

The Oak Creek Water & Sewer Utility Commission reserves the right to reject any and all bids, waive any informalities in bidding, or to accept the bid or bids, which best serves the interest of the Utility.

No bid shall be withdrawn for a period of 30 days after the scheduled opening of the bids without the consent of the Oak Creek Water & Sewer Utility Commission.

Project Value \$400,000.00

Description Site work and paving for a sidewalk / parking lot in Milwaukee, Wisconsin. Completed plans call for site work for a sidewalk / parking lot; and for paving for a sidewalk / parking lot. The work includes, Project consists of rebuilding the existing parking lot and Lake Michigan interface. Work includes rebuilding the existing asphalt parking lot and associated stormwater and waterfront improvements. Site improvements include providing new asphalt and concrete paving, concrete curb and gutter, storm sewer, site lighting, and bio infiltration. Waterfront improvements include new sheet pile dockwall, dredging of material, site accessories including railings and other associated site accessories. Building and mechanical improvements include providing a new prefabricated ticket booth, and upgrades including replacement of existing fish cleaning station and associated upgrades.

Project Completion: Work of Contract shall be Substantially Complete by June 30, 2017

Pursuant to Chapter 30, Milwaukee County Ordinances wage rates on the project have been established by Milwaukee County. Completed LCPTracker Labor Compliance software documentation is required. Effective 7/1/2010, Contractors shall employ a minimum of 25% of the Contract labor force with employees that reside in Milwaukee County (see Bid Documents for RESIDENCY PROGRAM REQUIREMENTS). This project has a Disadvantaged Business Enterprise (DBE) goal of 25 percent. Bidder's attention is called to the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity" (Executive Order 11246), contained in the Bid Documents, which set forth, in part, goals and timetables for the employment of women and minorities in the project area. The low responsive, responsible bidder will be recommended for contract award. Owner reserves right to reject bid, to waive informalities in bid or to accept bid which will be in best interest of Owner. Bids shall remain open to acceptance for a period of 60 days after bid due date. Send request to: Milwaukee County DAS-FM Architecture, Engineering and Environmental Services 633 West Wisconsin Avenue, Suite 1000 Milwaukee, WI 53203 For further information contact 414-278-4861.

Description This is a service / maintenance or supply contract in Milwaukee, Wisconsin. Contact the soliciting agency for additional information. Vendor Contract for 3/8 inch Hot Patch Asphalt Material for a period of three (3) years from 11/17/2016 to 11/16/2019.

3/8 Inch Hot Patch Asphalt Material: To be mixed at 325 degrees.

Material Contents:

- Sand: 1100 lbs.
- Lime Stone Chips (1/4 Inch): 350 lbs.
- Lime Stone Chips (3/8 Inch): 440 lbs.
- Asphalt Liquid: 5.5% (1 Ton Batch or Equivalent)

Estimated Annual Usage 7,000.00

The email address for submitting bids is procurement.services@milwaukee.gov. Bidders who choose to use e-mail to transmit bids do so at their own risk. The City cannot and does not guarantee that e-mailed bids are received. Emailed bids must be received in their entirety before the bid closing time.

This bid does not require a specific percent of mandatory Small Business Enterprise (SBE) participation. However, the City strongly encourages the use of certified City of Milwaukee SBE firms for any supplementary services attendant to the goods or services provided hereunder.

Any questions, clarifications, etc. must be directed in writing to the purchasing agent listed on the first page of this bid at least five working days prior to the bid closing date. Requests received after that time will not be considered.

Bidders are specifically directed not to contact any City of Milwaukee staff other than the Purchasing Agent for meetings, conferences, or technical discussions related to this bid. Unauthorized contact of any City Department employee is a cause for rejection of the bid. Any additional information or clarifications provided to one bidder will be provided to all bidders in the form of an addendum posted to the City's web site (bids pending page).

Please contact the Office of Small Business Development (OSBD) at 414-286-5553 should you have any questions or concerns regarding the training process.

If required, a bid bond in the amount specified (see Section F of Bid) must be approved by the Office of the City Attorney as to its form and execution prior to its submittal. All bid bonds will expire at the time that the successful bidder is awarded a contract with the City

If required, a performance bond in the amount specified in the Bid, is to be provided by the successful bidder to the DOA – Purchasing Division, within ten (10) calendar days after receipt of the contract. Failure to do so can make the contract voidable at the City's discretion. Performance bonds must be approved by the Office of the City Attorney prior to the commencement of any work.

The City Purchasing Director reserves the right to reject any and/or all bids. The City Purchasing Director reserves the right to accept all or part of any bid

Description Site work, new construction and renovation of a municipal facility in Milwaukee, Wisconsin. Completed plans call for the construction of a municipal facility. Contract Bids: Contract 4- Building Construction (except concrete work) Contract 4(a)- Building Construction (except concrete work) Contract 5-Interior Plumbing Contract 5(a)-Interior Plumbing Contract 6- Mechanical (HVAC) Contract 6(a)-Mechanical (HVAC) Contract 7 Electrical (Building) except site utilities Contract 7(a)- Electrical (Building) except site utilities Contract 8-Decorative Concrete & Exhibit Glazing Contract 9-Animal Life Support System Project

Completion: Work of Contract(s) shall be Substantially Complete by May 19, 2017.

Completed LCPTracker Labor Compliance software documentation is required. Effective 7/1/2010, Contractors shall employ a minimum of 50% of the Contract labor force with employees that reside in Milwaukee County (see Bid Documents for Residency Program Requirements).

Effective 4/1/2013 bidders who submit a bid must be a plan holder of record at Milwaukee county. Bids from bidders who are not on the plan holders list will be returned as being non-responsive.

Send request to: Milwaukee County DAS-FM Architecture, Engineering and Environmental Services 633 West Wisconsin Avenue, Suite 1000 Milwaukee, WI 53203 For further information contact 414-278-4861.

This project has a Disadvantaged Business Enterprise (DBE) goal of 25 percent. To Be Considered For This Project All Required DBE Forms Shall Be Completed And Submitted With Bid As Indicated In Invitation To Bid. Bidder's attention is called to the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity" (Executive Order 11246), contained in the Bid Documents, which set forth, in part, goals and timetables for the employment of women and minorities in the project area. Bidders shall be qualified in accordance with Chapter 43 of Milwaukee County Ordinance. Bidders shall submit the completed Subcontractor-Supplier Information Sheet with the Bid. Failure to submit this information with Bid may result in rejection of the Bid as non-responsive.

The low responsive, responsible bidder will be recommended for contract award. Owner reserves right to reject bid, to waive informalities in bid or to accept bid which will be in best interest of Owner. Bids shall remain open to acceptance for a period of 60 days after bid due date.

 Description Renovation of a municipal facility in Merrill, Wisconsin. Completed plans call for the renovation of a municipal facility. The project consists of providing a new 400KW standby power system to supply electrical power at 208Volts, 60 Hertz, 3 phase to the entire Human Services building and to the Pine Crest Nursing Home Dietary facility. The unit will sit outdoors on a concrete pad with the new transfer switch mounted to the building adjacent to the generator. The project also includes the removal and installation of new switch gear to accommodate the existing building power demands plus the new genset being called out in this RFP. This project will require weekend work due to power outage issues with installing the new system.

Descriptive Information

Start Date 2017/01/12 **End Date** 2017/03/13
Physical Size **Project Value** \$80,300.00
Description Site work for a mixed-use development in Delta, Wisconsin. Completed plans call for site work for a bridge / tunnel; and sidewalk / parking lot. All potential bidders must become certified by DOA prior to submitting bids on state construction projects with budgets over \$50,000. All bids received from contractors who are not certified will be rejected. These changes take effect January 1, 2014.
 In general the work consists of: Concrete and steel culvert removals and Timber Bridge Installation at the White River Parking Lot – Bayfield County
 A pre-bid tour is highly recommended---please contact Tom Dettle PE – DNR Engineering, 715-635-4020.
 If you have any questions, please email us at: dfdcertification@wisconsin.gov.
 The 2013-15 Wisconsin State Budget (2013 Wisconsin Act 20) significantly altered the bidding and contracting processes for state construction projects. In summary, it created a mandatory pre-bid contractor certification program and required that all projects over \$185,000 are let through single prime bidding and contracting. Under the new laws, all potential bidders must become certified by the Wisconsin Department of Administration (DOA) prior to submitting bids. All bids received from contractors who are not certified will be rejected. Please access the DFD Contractor Certification web page to apply for certification. Please access the DFD Single Prime Bidding and Contracting web page for more information about how projects will be let under the new system.

Physical Size **Project Value** \$500,000.00
Description Site work and renovation of a water / sewer project in Waukesha, Wisconsin. Completed plans call for the renovation of a water / sewer project; and for site work for a water / sewer project. MILKY WAY PUMP STATION ELIMINATION - 4,015 Lin. Ft. of 8"-24" Sanitary Sewer; - 11 Sanitary Manholes; - 260 Lin. Ft. Steal Casing; - 29 Manhole Rehabilitations; - 1 Pump Station Abandonment.

A Bidder's Prequalification Statement must be filed with the City of Waukesha at least five (5) calendar days before the Bid opening date. If the contractor's current prequalification on record with the City of Waukesha does not pertain to the specific type of work in this specification, a new Prequalification must be filed.

To check the status of Contractor's prequalification, please call (262) 524-3600. A list of all subcontractors must be submitted and approved by the Director of Public Works one (1) calendar day prior to the Board of Public Works meeting scheduled to be held November 17, 2016.

Bids may be withdrawn only pursuant to relevant provisions of Wisconsin law. Otherwise all Bids must be offered for a period extending sixty (60) days beyond the Bid opening. Prevailing wage rates for all trades and occupations involved in the work shall be in accordance with Sec. 66.0903, Wisconsin Statutes. The letting of work described herein is subject to the provisions of Sec. 62.15, 66.0901, 779.14, 779.15, Wisconsin Statutes, and all other relevant provisions of federal, state and local law. The City of Waukesha reserves the right to reject any and all Bids.

Web Site http://www.doa.state.wi.us/

Descriptive Information

Start Date 2016/12/30 **End Date**
Physical Size **Project Value** \$450,000.00

Description Site work for a municipal facility in Madison, Wisconsin. Completed plans call for site work for a municipal facility. OWNER: State of Wisconsin, Department of Administration, Division of Facilities Development, hereinafter termed DFD

NOTICE: Effective January 1, 2014, all potential bidders must be certified by DOA prior to submitting bids on state construction projects over \$50,000. All bids received from contractors who are not certified will be rejected

This project is being let using a new single prime bidding and contracting process. DFD will publicly bid the applicable mechanical, electrical, plumbing, and fire protection (MEP) divisions of work first. Within 5 days of the MEP bid opening, DFD will identify a lowest, qualified, responsible, certified bidder in each applicable MEP division of work. These successful MEP bids must be included in all general prime contractor bids received. No later than 5 days after DFD identifies the successful MEP bids, DFD will publicly open general prime contractor bids. General prime contractor bids that do not include the successful MEP bids will be rejected. The state will enter into a single contract with the lowest, qualified, responsible, certified general prime contractor and this general prime contractor will enter into subcontracts with the successful MEP bidders. If a project does not include any mechanical, electrical, plumbing, or fire protection divisions of work, DFD will bid one bid package for all work to general prime contractors

In general, the work consists of an addition of a permanent air intake extension of approximately 8'x15' and 8 stories tall comprised of steel structure and a composite metal panel enclosure

Base Bid will be received for: A single lump sum bid for All Work.

No deposit is required to obtain documents for bidding purposes

Contract offer and construction phase records will be processed electronically on the WisBuild™ DFD Information System

Prevailing wage rates are applicable to this project. Those rates are included in the Supplementary General Conditions of the Contract the General Prime Contractor will be required to enter into with DFD.

Bidding Documents will be available online immediately upon the project being advertised for bid.

 Physical Size Project Value

Description This is a service / maintenance or supply contract in Beaver Dam, Wisconsin. Contact the soliciting agency for additional information. The service being bid consists of contractor removal and disposal of approximately 50 City-owned trees and stumps annually, including stump hole filling, trimming of approximately 100 trees, emergency call-in work, treatment of prevention of disease and spraying of trees. The City may award the contract in total for all items of work or by separate contracts for grouped items of work as specified. No proposal may be withdrawn for a period of 45 days after the date of opening bids.

Proposals will then be reviewed, tabulated, and submitted to the Operations Committee at its next regular meeting scheduled to be held on Monday, December 5th 2016 for recommendation to the Common Council for Award of Contract (s)

The City of Beaver Dam reserves the right to accept any or all bids, to waive any informalities in the bidding procedure and to award the contract(s) to the bidder(s) who, in the opinion of the City of Beaver Dam, will be most advantageous to said City.

Descriptive Information

Start Date 2016/12/22 **End Date**
Physical Size 1600 **Project Value** \$250,000.00
Description Site work and renovation of a library in Beloit, Wisconsin. Completed plans call for the renovation of a 1,600-square-foot library. The work for which bids are asked includes, but is not necessarily limited to: furnishing all labor, materials, tools, and equipment necessary for the interior alterations at Beloit Public Library Blender Café, 605 Eclipse Blvd, Beloit, WI, 53511. The project consists of approximately 1,600 gross square feet of renovation work. The space is currently occupied and will remain operational throughout the duration of the construction. The bid will include, but is not necessarily limited to, interior selective demolition, wood doors, hollow metal frames, gypsum board on metal framing, suspended acoustical ceilings, casework, interior painting, plumbing, mechanical and electrical work. The furnishing and installation of kitchen equipment is to be performed by a separate contractor, but the preparation and coordination work required will be the responsibility of the General Contractor.

All work will be issued under a single prime contract for general construction. All bidders shall bid in accordance with, and shall bid upon the bid forms included in the Contract Documents.

BIDDER'S PROOF OF RESPONSIBILITY QUESTIONNAIRE: All Bidders must execute and file a Bidder's Proof of Responsibility Questionnaire no later than the close of business on Tuesday, November 15th, which is seven (7) calendar days prior to the bid opening. It is incumbent on the bidder to supply the required documentation in sufficient time to be evaluated before this deadline. Forms are available at the Utilities and Engineering Facility.

LEGAL PROVISIONS: The Contract letting shall be subject to the provisions of Section 62.15, 66.0901, and 66.0903 of the Wisconsin Statutes, as well as any other applicable sections thereof. **WAGE RATES:** All employees working upon the project shall be paid by the Contractor pursuant to Section 3.11 (3) of the Code of General Ordinances of the City of Beloit. DWD determination #201602483. Failure of the part of the Bidder to do so will result in forfeiture of the Bidder's certified check or Bid Bond to the City of Beloit as liquidated damages.

BID REJECTION: The City of Beloit reserves the right to reject any and all bids, waive any informalities in bidding, or to accept the bid or bids, which best serve the interests of the City of Beloit.

BID WITHDRAWAL: No bid shall be withdrawn for a period of sixty (60) days after the schedule opening of the bids without the consent of the City of Beloit.

Descriptive Information

Start Date 2016/12/16 End Date
 Physical Size Project Value \$200,000.00
 Description Renovation of a playground / park / athletic field in West Bend, Wisconsin. Completed plans call for the renovation of a playground / park / athletic field. Project invited to waterproof the basement and repair the foundation of the Leonard J Yahr County Park Vacation Rental by Owner house located at 7999 Orchard Valley Road, in the Town of Farmington, Washington County WI. Bids shall be made on the bid forms provided in the RFB packet and partial bids will not be allowed as award made for this project will be to a single prime contractor.

A map of the project site is included with this RFB for your reference. Bidders are to provide three (3) recent references for similar work completed in the past two (2) years as part of their bid response. Awarded bidder will also be required to furnish an acceptable Certificate of Insurance upon award as well. State Certification is required for Contractor to perform the work of this request. Washington County reserves the right to waive any informalities or technicalities and to reject any and all bids, or parts thereof, deemed to be unsatisfactory or not in the County's best interest. Furthermore, Washington County reserves the right to cancel any order or contract for failure of the successful bidder to comply with the terms, conditions and specifications of this request and/or contract. Washington County reserves the right to award this request in the aggregate or by item or like item groups (where applicable) to the lowest responsible, responsive firm who complies with the specifications and service, and can meet the requirements of this request.

Descriptive Information

Start Date 2016/12/26 End Date
 Physical Size 4996 Project Value \$750,000.00
 Description Site work, remodeling, renovation and addition to a religious / funeral development in Fond du Lac, Wisconsin. Completed plans call for the addition of a 916-square-foot, one-story above grade religious / funeral development; and for the remodel of a 4,080-square-foot, one-story above grade, one-story below grade religious / funeral development. Project consists of construction of a new entry vestibule, and renovations to the existing restrooms, classrooms, corridors and worship space. Work will be taking place during the school year. Accommodations must be made to coordinate with the Owner on minimizing the impact to the school activities.
 MEP bidders are to be included as subcontractors under the stipulated lump sum General Construction Contract.
